Rev P. J. Ed. Page Professor of Chemistry, Laval University, Quebec, has analysed the India Pale Ale manufactured by John Labatt, London, Ontario and has found it a light ale, containing but little alcohol, of a delicious flavor and of a very agreeable taste and superior quality, and commends it with the best importations. I have also analysed the Porter XXX Stout, of the same Brewery which is of an excellent quality; its flavor is very agreeable; it is a tonic more energetic than the above ale, for it is all the while in a cold, and can be compared advantageously with any imported article.
