A FAMOUS HAT STORE

Easter "Bonnets"

A NEW "Bonnet" for Easter is one of the unwritten laws of custom handed down from time immemorial from "my lady" to "my lady"—but it has not always been that she could

step into a beautifully appointed and lighted show room such as ours is, and pick all-ready-to-wear from such a wealth of beauty and loveliness as we're displaying to-day in Paris, London and New York pattern hats—that such a thing is appreciated is proved by the almost phenomenal trade that comes to us. We extend a special invitation to our show rooms—it's a feast of beauty and you needn't feel under any obligation to buy because you've honored us with a call.

Prices, \$3 to \$25.

The Revival

From one end of the world to the other we hear of the revival of wheeling. Society has taken it to heart again as a modish exercise, and has combined it with the social duties of the day. It is also good exercise and with the new Hygienic

Cushion Frame

it is exercise pleasant to take. This is the invention that regingered wheeling. It is to bicycling what the "Pullman" is to railroading.

Massey = Harris

Bicycle has this new invention. It is the best wheel on the pavement. It is the people's Bicycle. Write for our new booklet, "In Bicycledom."
