WINNIPEG, CRYSTAL CITY, GRAND VIEW, GOODLANDS, LYLE-TON, NEEPAWA, MOOSE JAW, SINTALUTA, WELWYN

Standard Gas Engine

Is the Only Oil You Need for Gasolene and Kerosene Engines

It provides perfect lubrication under high temperatures without appreciable carbon deposits on rings or cylinders, and is equally

good for the external bearings.

Steam Traction Engines and Steam Plants

Capitol Cylinder Oil

delivers more power, and makes the engine run better and longer with less wear and tear, because its friction-reducing properties are exactly fitted to the requirements of steam traction engines and steam plants.

Mica Axle Grease

Traction Engines, Wagons, Etc.

makes the wheel as nearly frictionless as possible and reduces the wear on axle and box. It ends axle troubles, saves energy in the borse, and when used on axles of traction engines economizes fuel and power.

Granite Harvester Oil

Reapers, Threshers, Plows, Harrows insures better work from the new machine and lengthens the life of the old. Where-ever bearings are loose or boxes worn it takes up the play and acts like a cushion. Changes of weather do not affect it.

If not at yours, write for descriptive circ

DRY FARMING: Its Principles and Practice

By William McDonald, M.S., Agr., Sc.D., Ph.D.

The readers of Tun Genn have demanded reliable information on "dry farming" as it is called. After considerable search and concollation with experts this book was nelected. The author is one of the leading agricultural scientists of the day and has studied caclinious. Southern author is one of the leading agricultural scientists of the "Campbell System" of dry farming and the devotes a chapter to "The Traction Engine in Dry Farming." Perfessive W. J. Bliott, who is in charge of the C.F.B. farm at Strathmore, Alberta, and one of Canada's leading Dry Farming Experts, says. "I could certainly recommend 'Dry Farming' to all those who are considering that work in any one of its phases, and in fact for any man who, is farming under more humic conditions there are many points that will said him very much in the handling and treatment of his soil.

The book is written in a simple style that may oc understood by every man who reads, contains 230 pages and is well illustrated. This book is kept in stock in Tun Genne office and will be sent by return mail, \$1.39, postpare.

AUDEL'S GAS ENGINE MANUAL

With the gas tractor the sod is broken, the land cultivated and the crop threshed with the minimum amount of manual labor, and with an ease and convenience that steam power was never able to furnish. Then the various details of the farm work are taken care of by the stationary gas engine and furnishes the power for sawing and chopping, pumping, churning, washing machine and separator, in fact all the chore work is taken care of by the gas engine. It is natural that every farmer wants education in the operation of the Gas Engine, and no hetter book can be language, than Andel's vas Engine Manual Institution and operation and in easily understood Gas, Gasoline and Oil Engines, Marine and Automobile Engines. The see and management of Gas, Gasoline and Oil Engines, Marine and Automobile Engines. The see and management of the contract of t
