teamer Has Been Sold to Russian Government—Makes a Trial Spin To-morrow—Has Completed Her Charter With Dominion Government

The S. S. Bellaventure, Capt. C Taylor, arrived here from Sydney at 7 p.m. yesterday coal laden to A. J. Harvey & Co. after a run of 37 hours. at 1.25 p.m. to-day. She met dense fog the best part of the way. The ship has been down at Hudson's Bay for several weeks past, being in the employ of the Canadian Government, and brought a general cargo from Halifax to Port Nelson. After discharging she brought the Canadian Government steamer "Shelba" out through the ice in Hudson's Straits, forcing a passage through for her and accompanied her 1000 miles through the ice to Cape Chidleigh, where they left her to go to Halifax.

When the ship left Hudson's Bay it was intensely cold and the lakes and rivers were frozen solidly. She brought up to Halifax 140 passengers which included stevedores, office Grand Bank vesterday to load codfish F OF GONE BY DAYS hands and others who had been all last Winter in the Bay and were returning home.
