Canada Leads.

A paragraph appearing in Repatriation, a monthly bulletin published in the interests of returned men in Australia, quotes the speech delivered in Sydney by Premier Holman, of New South Wales, in which he stated that the state had settled 1,100 men on the land. The Premier claimed that this was a much larger number than had been settled in any of the other states. New South Wales sent to the battlefields of Europe thirty-nine per cent. of the total of the Australian Expeditionary Force. If the proportion of ex-service men settled in the land in the other states was equal to that of New South Wales the figures would be for the whole of Australia 2,820 men benefited by the Land Settlement Act up to the date of the Premier's speech.

Up to the 17th of May, the Soldier Settlement Board of Canada had approved 7,900 applications for the benefits of the Soldier Settlement Act and a great many more applications were before the Qualification Committees in the various provinces. These figures which will be largely augmented by the returns for the last two weeks of May and for the present month show that Canada is well in advance of the sister commonwealth in providing suitable farms for her war heroes.

"Do you think these alienists are any good at a trial?" "Some, I take it. An alienist is the only person I ever saw who could bluff a lawyer."
