BUILD UP THE SMALL TOWN

It is high time that all of us paid more attention to the building up of the little town and less to making the overgrown city larger. The little town is home—or should be. It needs our support, and we are the people who must give it life and big cities care nothing for us. It will if it can pull our dollars away and lure our boys and girls into its whirlpool, but that is the only use it has for us. The little town needs us and we need it. Athens may not make as large a dent as New York, but it really means more to us, and we ought to help make it something to be proud of. Why not get over the idea that the bright future of America lies in the great cities? It does not. The future which lies in the cities is shopworn, smoked, dirty and unclean. The true future lies in the country and in the little towns. Back them up and make them grow.

IT'S SO EASY IT'S FUN!

It's the simplest sort of a job to take an old, time-worn chair, a small can of Glidden Jap-a-lac and a brush and in a few minutes' time bring out the beauty of that chair you've hidden for years.

And it's fun to see it's youthfulness return under the magic of the brush; to see again—through this clear, easy flowing and double-durable varnish stain—the beautiful grain of the natural wood.

You can find an old piece of furniture in your attic and any size can of Jap-a-Lac at our store. Bring them together. It won't cost you much, and you'll have a lot of fun getting some "brand new" furniture through the magic of Jap-a-Lac.

You can also obtain Glidden Paints and Varnishes for the bigger jobs at
