THE PROBABILITIES.

G. N. W. Special.
Toronto, Nov. 19.—10 a. m.—Strongly easterly and southerly winds; rain. Tuesday, continued unsettled with occasional rain.

LOCAL BRIEFS

The schooner Queen of the Lakes left for Buffalo this afternoon with a cargo of barley from the Kent Mills.

George Stacey, of Port Hope, is in the city. Mrs. Stacey contemplates putting up a large barn on his farm in Dover.

George W. Blonde and J. B. Downey left this morning for Dublin, where they will place the seating in the new R. C. church there.

The Maple City was visited yesterday by the heaviest rain that has fallen this fall. From 1:30 p. m. Sunday till 6 o'clock this morning, 120 tons of water fell to the acre.

Mr. and Mrs. Thos. Fielder, Sr., will celebrate their golden wedding this evening. Their 12 children and their families will assemble at the residence of the aged couple, and an evening of pleasures will be spent.

GO TO DRESDEN TO-NIGHT.
A large number of citizens are planning to take advantage of the special train for Dresden, leaving the C. P. R. depot at 7:30 this evening for the scene of the Clancy demonstration. The special will run right into the centre of the town and deposit the passengers on Main street. There will be no long walk from the station to the town. Every citizen is invited to take in the trip. The Chatham delegation will be accompanied by the band and a big time is promised.

AN UNFORTUNATE FAMILY.
"We had a sad incident over in North Chatham last week," said Chief Detective Archie Shirling, of the Lake Erie, this morning. "The wife and daughter of a respectable resident of Lowe street were recently taken to the Public General Hospital suffering from typhoid fever. The father was home alone and he was taken ill. The neighbors noticed that he wasn't around, and on investigating found the man alone and ill in bed. The neighbors were kind-hearted and ever since have been taking the best of care of the sick man."

A MINIATURE PAPER.
E. A. Mounster, the popular proprietor of the east end meat market, has in his possession a miniature copy of the Montreal Weekly Witness of Thursday, December 7, 1876. It contains among other things, good cuts of Tecumseh, Chief Brant, Hon. Louis-Joseph Papineau, Hon. Alex. MacKenzie, Hon. Louis Joseph Papineau, Sir John A. Macdonald, Right Hon. Wm. Ewart Gladstone, the Earl of Beaconsfield, Midhat Pasha and Prince Bismark. The aged newspaper is quite a relic and Mr. Mounster highly prizes it.

A DISPUTE OVER BOOKS.
"Why a Priest should wed," "Robinson Crusoe," and "The Frozen Pivots" are three books which proved the cause of much family trouble between the Robinsons and the Barleighs, two neighboring households in the Maple City. The possession of these literary gems were in dispute and Mrs. John Robinson preferred a police court charge of theft against John Barleigh, alleging him to have appropriated the work on the matrimonial advice to priesthood. The case came before Judge Houston this morning and was dismissed, both parties being lectured upon the follies of such disputes. The book, "Why a Priest Should Wed," was admitted to belong to the Robinsons, but Miss Barleigh explained that she was reading it, was deeply interested and didn't intend to give it up till she finished it. She has finished it now, and the property will be restored.

AT THE THEATRE.

Although the cast of "The Girl from Calcutta," the next attraction at the Grand, is not as large as that which has been here this season, it is one of the most notable aggregations that have appeared here in some time. Miss Wilkes is one of the best known ingenues on the American stage.

Mr. Bridgeland was for seven years a member of the Daly forces. Mr. Charles Morrison and Miss Lee were started for five years in the Haymarket, while Mr. George Paston was in the original cast of this play during its long run at the London Lyceum.

George Leffler who was in the city on Saturday in the interests of Miss Margaret Wilkes, visited Chatham two years ago conducting the tour of "The Highwayman." Previous to that he was treasurer of the Della Fox production of "The Little Hoop."

The theatrical managers of Canada are securing signatures to a petition to parliament for the restriction of abolition of the duty on lithographed theatrical paper. This line of work cannot be done in Canada and the tariff at present is so heavy that many first-class companies will not come to Canada at all.

CHATHAM TO NEW YORK.
The trains from Chatham to New York via Grand Trunk and Lehigh Valley leave at 9:02 a. m. and 3:30 p. m. \$10,000 FOR AN ARM.
Suit Commenced by a Railroad Man of Sarnia.

Pvt. Hurost, Nov. 19.—William Carr, a Sarnia railroad man, to-day commenced a \$10,000 damage suit against the St. Clair Tunnel Company for the loss of an arm by being run over at the American summit of the tunnel in an attempt at making a flying switch of the van to a train that had just come through the tunnel. The effort failed, the front wheels of the car taking one track and the hind wheels the other, Carr being thrown from the van by the jar, and the hind wheels passing over his arm.

Negligence of the company is charged for the reason that the flying switch, a violation of the company's rules, was attempted with the alleged consent of Supt. Begg, who was riding on the front of the car at the time.

BLOOD POISONING KILLED HIM.
Bristol, Conn., Nov. 19.—William H. Wright, general superintendent of a clock manufacturing of this town, who has been suffering from blood poisoning caused by cutting himself with a pocket knife with which he had been operating on an insect-growing for mail, is dead. He was 38 years old, and leaves a family.

NO ARGUMENT NEEDED.
Every Sufferer From Catarrh Knows That Salves, Lotions, Washes, Sprays and Douches do not Cure.

Powders, lotions, salves, sprays and inhalers cannot really cure catarrh, because this is a blood disease, and local applications, if they accomplish anything at all, simply give transient relief.

The catarrhal poison is in the blood and the mucus membrane of the nose, throat and trachea tries to relieve the system by secreting large quantities of mucus, the nostrils, dropping into the throat, causing deafness by closing the eustachian tubes, and after a time causing catarrh of the stomach or serious throat and lung troubles.

A remedy to really cure catarrh must be an internal remedy which will cleanse the blood from catarrhal poison and remove the fever and congestion from the mucus membrane.

The best and most modern remedies for this purpose are antiseptics scientifically known as Eucalyptol, Gualthar, Santal, and Hydrastin, and while each of these have been successfully used separately, yet it has been difficult to get them all combined in one palatable, convenient and efficient form.

The manufacturers of the new catarrh cure, Stuart's Catarrh Tablets, have succeeded admirably in accomplishing this result. They are large, pleasant tasting lozenges, to be dissolved in the mouth, thus reaching every part of the mucus membrane of the throat and finally of the stomach.

Stuart's Catarrh Tablets contain no cocaine, opiate or any injurious drug whatever, and are equally beneficial for little children and the stomach.

C. H. Rembrandt, of Rochester, N. Y., says: "I know of few people who have suffered so much as I from Catarrh of the head, throat and stomach. I used sprays, lotions, and powders for months at a time with only slight relief and had no hope of cure. I had not the means to make a change of climate, which seemed my only chance for cure."

Just spring I read an account of some remarkable cures made by Stuart's Catarrh Tablets and promptly bought a box, and to my surprise my druggist obtained such positive benefit from that one package that I continued to use them daily from the disgusting annoyance of catarrh; my head is clear, my digestion all I could ask and my hearing which had begun to fail as a result of the catarrh, has greatly improved and I feel I can hear as well as ever. They are a household necessity in my family.

Stuart's catarrh tablets are sold by druggists at 50c for complete treatment and for convenience, safety and prompt results they are undoubtedly the long looked for catarrh cure.
