From the beginning of its manufacture until now not a single ounce of any but pure Virginia leaf of the fluest quality, has been used in the "Myrtle Navy" tobacco. The manufacturers of it have a settled belief that the public cannot be misled on this point, and that any tampering with the quality of the brand would be a monetary loss to them. Thousands of dollars a year saved by mixing with an inferior leaf, would not repay them for a doubt on the part of the public as to the quality of their tobseco.
