LIVE STOCK.

The railways reported 95 car loads of live stock for Wednesday and Thursday at the city market, consisting of 1,496 cattle, 1,494 hogs, 1,428 sheep and lambs, with 243 calves.

As will be seen by the higher prices quoted, there was a better class of butchers' cattle on sale, although there were also a large number of castern

Butchers—As usual George Rowntree as the heaviest buyer of butchers' cattle, having bought all told, butchers' and exporters, 430 cattle for the Harris Abattoir Co., butchers, \$4.20 to \$5.60; cows, from \$1.50 to \$4.75 per cwt.

Stockers and Feeders—Harry Murby bought about 175 stockers and feeders at the same quotations as he gave last week, as follows: Best steers, \$50 to \$060 lbs. each, at \$3.06 to \$3.96; best teers, \$60 to \$600 lbs. each, at \$3 to \$3.50; common stockers, \$2.25 to \$2.60 per cwt.

Sheep and Lambs.—The run of lambs d uring the week was light, owing to low prices a week ago, and farmers not having time to deliver them at country stations, being busy with the harvest. Lambs were quoted to-day at \$5.50 to \$6.75 per cwt. and selected lots were bought by butchers at \$7 to \$7.50. But the latter prices are no criterion for drovers to go by in buying for next week's market, as should there be heavy deliveries prices will go back to where they were before. Citizens will understand why they have to pay more for their chops when they see their butcher had to pay choice prices for choice quality lambs. COBALT STOCKS.

There was considerable activity on the mining exchanges at Toronto yesterday, and stocks were generally in good demand. Beaver had a strong movement, and sold freely, while the price was well upheld. The stock opened at 36, went up to 39, and closed at 37 1-4. Peterson Lake also sold around 30, and closed strong, while Silver Leaf was in demand at 13 1-2. Temiskaming went to 1.01, and showed considerable strength, the prediction being made that it was due to go still higher. Little Niphad quite a run, due to the fact that it was reported that a Nipissing vein ran City Engineer Macallum announced this morning that he had learned of a dust collector, which he thought would be sufficient to put an end to the trouble in the neighborhood of the city's asphalt plant. Two or three collectors have already been tried, but have not given satisfaction. This one, he thinks, will. The cost of the apparatus is a mere trifle, only \$47.50, plus shipping charges. He was of opinion that it might be given a trial. If it were a success possibly the injunction proceedings might be staved until this season's work is done. He intimated that possibly it would take a little longer than September 30th to complete the work, as there is still considerable on hand. He was notified by the Street Railway Company this morning that they were ready to start work on James street south, from Herkimer to the Incline, as soon as the city could prepare to go on with it. James street north is in very bad shape and in need of repair, but he is in doubt as to whether there is enough money to fix it up this year. The work on Barton street is now almost completed. Some delay was caused this morning by the discovery of a gas leak, which had not been located, and there ch, but only a very few extra quality was brought the latter price. The genal run of prices was from \$35 to \$50 ch.

Veal Calves—Prices ranged from \$3 \$6.25, with a few new milk fed calves \$6.50 per cwt.

He carried 120 pounds and proceeded to run John Sanford's Herkimer off his feet before the end of the back stretch was reached. James E. Gaffney's filly, Louise S., 8 to 1, went after Sweep in earnest, but the Keene colt stood a terrific drive and won by a head in 1.12 4.5. Louise S. was much the best of the others and took the place by two lengths from Fauntleroy, 8 to 1; who closed with his usual rush and landed third money by three parts of a length from Scarpia, backed down to 15 to 1.

Jockey Eddie Dugan was suspended for two days by the stewards for cutting across his field in the last race.

At the carnival last Saturday, the Hamilton swimmers of the other cities, made a good showing. Of the two championship races, a member of the club, Frank Lawrence, secured one and the other was won by an outsider. Lawrence won the 220 yard breast championship, and at the finish had a good lead.

HAMILTON SWIMMING CLUB NOTES

The weather during the past week has been good for the swimmers, and a large number have availed themselves of the offer of the Hamilton Ferry Co. and taken a trip to Rock Bay and had a swim there. The club house at Rock Bay has been fixed up and the diving boards are in position, making it one of the best swimming places around the bay.

The life-saving competition at the carnival was one of the best that has ever been witnessed here, and although the Hamilton team put up a good argument, the best they could get was second place. They are now improving rapidly in the life-saving branch, and have practiced some new methods as a result of the competition.

SAYS BATTLE AGREE-MENT IS NOT FINAL.

Rosalie Spohr a Figure in Berlin's Musical and Social Life. One of the most interesting characters in the musical life of Berlin is Rosalie Spohr, the harpist, who is a niece of the great violinist, Louis Spohr. She made her first appearance in public on Dec. 13, 1849, at a concert given by Jenny Lind. She attracted attention first because of her distinguished musical descent, but after the world had once heard her her art made her famous. There are few women before the public to-day who play the harp as virtuosi, although one sees them occasionally in the opera orchestras. So it is difficult nowadays to realize that Rosalie Spohr toured Europe in triumph. She found in Franz Liszt a devoted friend and enthusiastic admirer, and he he was proud to play with her at Weimar as well as give her the benefit of his artistic advice. Her career as a public performer ended after about six years. Then she became the wife of Count Sauerma and the stage knew her no more. She still lives in Berlin, more than 80 years old, but enthusiastic in her devotion to the instrument with which she won the triumphs of her brief Jeffries is Surprised That the Articles Had Been Signed.

win and organ her attention to the harp.

A widow for more than twenty years it has been her devotion to her art that made life interesting to her during all this time. Her education was sound in the first place. For she studied for two years under the harpist Grimm, who allowed her to play in public at the end of that period although it was one of his nrinciples that a harpist should study for ten years. Countess Roslaie has been an itmate friend of the German royal family, and both Friedrich and the Emperor were delighted to hear, her play. Nowadays she is a unique figure in the musical and social life of Berlin and an inspiration to the younger students.

"Mr. Jeffries has undoubtedly been misinformed as to what was done yesterday and believes I concluded a final agreement with Johnson," said Berger. "I have telegraphed to him just what I did in negotiating preliminary arrangements with Johnson, as he had given me specific authority to do. The agreement signed yesterday is not, and never was considered by me as final. Indeed, in lits wording it refers to the settlefemt of the final details after the club offer is accepted.

O O O

The water polo classes are steadily improving and last Wednesday night saw a good turn-out of the players. A number of new polo plays have been practiced, and no doubt the Hamilton team will be able to hold their own against the Montreal team when they go there to play them.

Mr. William Henry, of England, the founder of the Royal Life-Saving Society, is visiting Canada, and taking a tour of the Dominion, and will be in this city in three weeks' time. While here he will examine a number of the lifesaving classes.

The life-saving classes are making good progress under the direction of Messrs. T. and H. Fleming, and the majority of the pupils will not likely find much difficulty in passing the examination when Mr. Henry visits here. Mr. T. W. Sheffield will inspect the police class next Friday, and all the police who belong to the class should be present.

The silver challenge cup, which is being donated by Mr. T. F. Best, is now on exhibition. The cup will be given to the one who obtains the highest number of points at an exhibition. As it is a challenge cup, it will be competed for each year.

"How did the hair turn white, old pal?" queried Ben Shields, solicitously. "Typhoid ferver?"

"Nope," responded Mr. Brockett. "Nope," responded Mr. Brockett. "Never had better health in my life." "Nightmare?" questioned Ben Judson." I knew a man down south once whose hair turned white in one night from an awful dream."

"My hair turned white in ten seconds," answered Mr. Brockett, "and I think it was justified. Only a few weeks ago, too. I was in Pittsburg, and it was an extremely hot afternoon. Between the heat and the native smoke I was all in, and I sought a rathskeller, where I found many of my friends. Among them was Judge Fox, of Peoria, III, a huge man and a very good fellow. We drank a few steins and joshed gaily for a while, then. I went out, leaving the crowd behind me. Happening to look back as I went up the stairs I noticed that Judge Fox was taking a nap at a table, his body bent forward, his face reposing in his arms.

"After a brief visit up street I hiked back to the rathskeller and trotted lightly down the stairs. Most of the boys were lined up at the bar, but there was still a huge figure, apparently lost in sleep, at the table. A great idea, fine for warm weather, flashed upon me. Emptying the ice from a glass I tiptoed over to the table and poured the fistful of real water down the sleeper's neck. He awoke with a roar like a hon and bounded on his feet. And when his eyes looked into mine, my hair, then and on that spot, changed to white within ten seconds."

"Why? Was your friend enraged?" asked Lionel Adams.

"Why? Was your friend entaged?" asked Lionel Adams.
"It didn't happen to be my friend," moaned Mr. Brockett, sadly. "Judge Fox had gone out and the large man who was sitting in his chair was James J. Jeffries."

BEACH LEAGUE.

It was again demonstrated that the Scoundrels are in on a very soft bunch in the Beach League. At the game last night they defeated Station 26, thereby winning six games out of eight, with two to play; which will, no doubt, give them the undisputed championship. The game was fast in spots, but finished in the dark, and this accounted for several loose plays, as it was almost imposible to see the ball. The final score was 19-6 in favor of the Scoundrels. The teams lined up as follows:

Scoundrels (19)—Carey p, Southon c, Clark lb, A. McLeod 2b, B. McLeod 3b, Ib. McLeod rf, McDonald If, Hazel cf, Chadwick as.

Station 26 (6)—Wilson p, Smith c, Dennis 1b, Pickard 2b, Watson 3b, Worth rf, Phillp If, Kelday cf, Burton ss. Umpire—J. Bain.

Base umpire—R. Stamp.
