It seems that one day new Wrenn, her son, has already pro-last week a man named James Sa-voie, a habitant belonging to the fallen in ove with Captain Parr and Caraquet Shore, was walking along the track when he discovered a bear caught securely in the wire fence which protects the right of way. As he was armed with an axe it would tate, who tells her he is dying and have been an easy matter for him to that it is vitally important for her at have despatched bruin, but it did not once to go to New York. It develhave despatched bruin, but it did not once to go to New York. It develops that this would be the proper course to pursue. He thought it would be more heroic to take the Channing mansion, where \$100,000,000 animal alive, and his attempt to eximple the secret wall of the ceute this hastily conceived plan almost cost him his life. With the tally wounded, but not before he was most cost him his life. With the aid of the axe he cut the bear loose and the animal instead of showing gratitude, sprang upon its deliverer and gave him the worse mauling he over, had in his life. It tore his clothing and bit and scratched him in a terrible manner, and the only matter for surprise is that there was any life remaining in the man when bruin left him and simbled off to the woods. Savoic succeeded after a hard struggle in getting to his home where after the lapse of some hours a door for dressed his wounds. At last accounts he was progressing favorably and it is believed he will recover.
