RILLINGTON STATESMAN,
Registered No. 1717.

Examined and warranted sound and free from all hereditary diseases and defects by Erwin Murray, M.R.C.V.S., to His Majesty the King, June 12th, 1912.

The Cleveland Bay, a hardy, powerful, yet fairly light and swift animal, originated through a blending of the powerful charger of the middle ages, with the more active Barb and Arabian. The Cleveland Bay has lots of quality and substance with well defined sinews, large, clean, flat bones of a density equalled only in the Arab and thoroughbred. His long lineage gives him prepotence in impressing his splendid characteristics and soundness of constitution.

Rillington Statesman, registered in England, was bred among his native hills in the Cleveland Valley of Yorkshire. He is an excellent specimen; color, deep, rich bay, height 16½ hands, weight about 1400 pounds. His action is high, free and open. His stride long, temper perfect; he is in all respects a perfect general utility horse, a free cheerful roadster, sure-footed, fearless of all objects and with marvellous endurance. He needs only to be seen to be admired—used to be appreciated.

WESTERLAND AGRICULTURAL FARM,
St. John's, Nfld.

PUBLIC NOTICE!

Under the provisions of Chapter 22, 2 Edward VII., entitled "An Act to amend the Post Office Act, 1891," and upon the recommendation of the Board appointed under Section 1 thereof, notice is hereby given that, three months after this date, a Proclamation will issue for the alteration of name or re-naming of places as under, that is to say:

1. That North West Arm, Green Bay, Twillingate District, be re-named BURLINGTON.
2. That Northern Bight, Random Sound, Trinity Bay, be re-named HILLVIEW.
3. That Seal Cove, Bonavista Bay, be re-named PRINCETON.

R. WATSON,
Colonial Secretary,
Department of the Colonial Secretary,
March 14th, 1913. mar20,14,t.h.

The Governor's Speech on Closing of House

Mr. President and Honourable Gentlemen of the Legislative Council:
Mr. Speaker, and Gentlemen of the Honourable House of Assembly:

Although the Session which is now closing was summoned at a later date than usual, and the number of measures with which you have dealt has been large, I am gratified that the undivided attention with which your deliberations have been conducted enables a prorogation to be effected so expeditiously that your private affairs will not be subjected to inconvenience. It is especially pleasant to me, coming to this oldest dependency of the Crown, that my advent among you should be at a time when the operations of your sealing fleet are proving so favourable as they are the present season. I trust that equal good fortune may attend the prosecution of the other fishery pursuits, and the industrial operations of the people generally.

I observe with satisfaction that among the measures considered by you was one to further augment the appropriations for Educational purposes. I am sure your action in this respect will be appreciated by the whole Colony. The people will also, I feel, welcome the provision made for another four hundred Old Age Pensions, as well as the provision made towards the relief of those who suffer by marine disasters.

Mr. Speaker and Gentlemen of the Honourable House of Assembly:
I thank you for the liberal provision you have made for the Public Service. The moneys you have voted will be expended economically and judiciously, and so as to ensure the efficient administration of the several services.

The measure by which you have transferred to the free list, Tea, Sugar, Salted Beef and Pork, cannot but prove of great advantage, while the several measures for the creation of new industries, which have been before you, should have the effect of adding to the opportunities for our people to secure profitable employment in their own country.

Mr. Speaker and Gentlemen of the Honourable House of Assembly:
I recently received from His Majesty's Government a telegraphic despatch, desiring me to convey, on their behalf, their cordial thanks to the Government of Newfoundland for their loyal and patriotic offer to co-operate further in the defence of the Empire.

The despatch intimates that His Majesty's Government highly appreciate this action of Newfoundland, and are fully considering the subject, with a view to formulating plans whereby this co-operation will be best effected. Within a few weeks the present General Assembly will terminate, and during the autumn a General Election will take place. It is my earnest wish that to those who have been associated with this Parliament that your country has made such marked progress during the period of its existence, and it is my earnest wish that the present prosperity and contentment may, under Providence, long continue.

In now bidding you farewell, I sincerely trust that you may enjoy personal good fortune, and that our country may be favoured by Providence with a continuance of the material blessings that have latterly been her portion.

The Romance of Wealth.

Mr. George McCulloch died in London in 1897, a millionaire, leaving a magnificent collection of paintings.

About sixty-eight years ago he arrived in Australia as a lad from Glasgow with £5 in his pocket. In September, 1833, he was manager of the Mount Gripps Sheep Station, near Broken Hill, in the far West of New South Wales. Charles Rasp, a boundary rider, galloped up to the homestead one night in a state of excitement, with the news that he had discovered an enormous deposit of "tin."

McCulloch and six men on the station subscribed £70 each, and applied for a mineral lease of seven forty-acre blocks. These to-day comprise the Broken Hill Silver Mine proper.

According to an anecdote, which is believed to be founded on fact, Mr. McCulloch, sitting one night in a tiny bush shanty shortly after the discovery of the mine, played a game of euchre with a companion. His stake was one-half of his interest in the mine itself—a fourteenth share—and he lost it. Six years afterwards that share was worth no less a sum than £1,350,000.

Rump Getting Ready.

The whaler "Rump" which had been on the dock receiving an overhaul is outfitting at Job's premises for the season's voyage and will start when her captain and crew arrive by the Mongolian. Mr. W. Sinnott, Manager of the Dublin Cove wharf factory, left for there by this morning's train.

MARINE NOTES.
The s.s. Mongolian is now due from Liverpool.
The s.s. Sardinian will leave Liverpool on Saturday for here.
The s.s. Americalia leaves Halifax to-day, for here.
The schr. Helen Stewart is on her way to Barbados to load molasses for this port.

Temperance Convention

AT COLLEGE HALL.

Though it rained hard last night there was a large and enthusiastic audience at the Temperance meeting in the Methodist College Hall. Reference was made to the loss of the cause has sustained in the death of Mrs. J. E. P. Peters, and the excellent work for temperance done by Rev. Jas. Bell, Rev. C. Hackett, Rev. J. Thackeray and Lieut.-Col. Rees was extolled.

The address of Adj. Hargrave was a very able effort and in it he assured the audience that the S. A. were as a unit for temperance. Rev. Mr. Young also made a spirited address, and the band of the S. A. gave some fine selections.

Owing to the unavoidable absence of Canon Bolt, Rev. C. H. Barton, M. A., Principal of the Theological College delivered an able and interesting address. In the course of his remarks he said that temperance legislation was imperative and the time is not far distant when people's own wisdom and experience will teach them to stop drinking alcohol. Rev. Dr. Rogers was the next speaker. He made a forceful and eloquent address. The liquor traffic he emphasized was an evil, first, last and always. Mr. R. G. MacDonald then spoke for Rev. W. H. Thomas, denouncing the sale of alcoholic medicines.

At the Star Theatre.

To-night lovers of fine singing will have a treat. Juliette Talbot sings the best of all Spanish songs, "Carolina," in character costume, and the Rosary also in appropriate costume. Then they introduce a sketch "Fun and Frolic" in which Shadrick and Talbot make things hum for a while. Singing, dancing and comedy; there are three fine films and one especially sent from London by Jack Rossley. It is one of the greatest swimming contest pictures ever seen and was taken at the world-famed Olympic Water Sports, London. There are some splendid swimmers, both male and female, and the prize was a great one. With the Star orchestra it promises to be a great bill.

A Wonderful Discovery

An eminent scientist, the other day gave his opinion that the most wonderful discovery of recent years was the discovery of "Zam-Buk." Just think! As soon as a single thin layer of Zam-Buk is applied to a wound or a sore, such injury is insured against blood poisoning. No one species of microbe has been found that Zam-Buk does not kill!

Then again. As soon as Zam-Buk is applied to a sore, or a cut, or to skin disease, it stops the smarting. That is why children are such friends of Zam-Buk. They care nothing for the science of the thing. They know that Zam-Buk stops their pain. Others should never forget this.

Again. As soon as Zam-Buk is applied to a wound or to a diseased part the cells beneath the skin's surface are so stimulated that new healthy tissue is quickly formed. This forming of fresh healthy tissue from below is Zam-Buk's secret of healing. The tissue thus formed is worked up to the surface and literally casts off the diseased tissue above it. This is why Zam-Buk cures are permanent.

Only the other day Mr. Marsh, of 101 Beloit Ave., Montreal, called upon the Zam-Buk Co. and told them that for over twenty-five years he had been a martyr to eczema. His hands were at one time so covered with sores that he had to sleep in gloves. Four years ago Zam-Buk was introduced to him and in a few months it cured him. To-day—over three years after his cure of a disease he had for twenty-five years—he is still cured, and has had no trace of any return of the eczema!

All druggists sell Zam-Buk at 50c. box, or we will send free trial box if you send this advertisement and a 1c. stamp (to pay return postage). Address Zam-Buk Co., St. John's, Nfld.

St. Thomas's Sociable.

The St. Thomas's Men's Bible Class held their annual tea and concert in Canon Wood Hall last evening and it was the most successful event of its kind yet held. At 7 o'clock sumptuous teas were provided after which came the concert to which the following contributed:—Misses Winter and Dunfield; Rev. A. Clayton, Messrs. H. W. Stirling, W. W. Blackall, F. Emerson, C. Clift, A. Crocker, J. Chaplin, H. Chaplin, C. Noonan, S. Willis and J. Wheeler. Rev. G. H. Hewitt acted as chairman during the evening.

Red Cross Line.

The S. S. Stephano sailed last night for Halifax and New York. She took a large outward freight of codfish. The s.s. City of Sydney is due tomorrow from New York and Halifax. The crew of the s.s. Viking will leave for their homes by the train to-night, and the Newfoundland's crew will go by the tug Ingraham.

THE CATHEDRAL MISSION AUXILIARY are holding a small sale on Wednesday next, 23rd, in Presbyterian Hall, with concert at night. Teas and suppers served, 20 and 40c.; also afternoon tea. Admission 10c., children 5c. Concert 30 and 10c.—ap17, t.f.
