50 Years in Practice in Newfoundland.
BROKEN PLATES REPAIRED.

Well equipped Dental Offices can now repair plates. A broken tooth is no reason why a plate should be discarded. A new tooth, or several of them, can be vulcanized onto the old plate and make the service absolutely as good as ever. If you meet with an accident that injures your plate in any way, consult your dentist about repairs before you discard it for a new one. You can often prevent a needless expense. jne27,ta,tf

The boats will make good time on Wednesday, July 12th, after crews have had their tea and taken in side shows, etc., by being over to N. B. S. Garden Party at Woodley's. -jly10,8

Bisley Rifle Meet.

**SHOOTING CONTESTS OPENED
YESTERDAY.**

LONDON, July 10. (By Canadian
Press.)—The fifty-ninth annual meet-
ing of the National Rifle Association
opened at Bisley Camp to-day, and
continues until Saturday, July 22nd
when the final stage of the King's
Prize will be shot off, the victor
crowned, the grand aggregate decid-
ed and the prizes distributed. The
program for this year's meeting at
Bisley shows a determined effort to
attract more competition, particu-
larly from those of the younger genera-
tion. The most notable innovation is
the two days' match for tyros, for
which prizes amounting to £580, ex-
clusive of cups, will be awarded. The
definition of a tyro is given as "any
British competitor who has never
won a prize exceeding £1 in value at
any National Rifle Association meet-
ing, or any National, Dominion or
State Rifle Association meeting. The
Service arm will be used in tyro
events. The prize lists for the meet-
ing generally have been lengthened
and equalized and entrance fees in
many instances have been reduced.
The principal events will also be
more evenly distributed throughout
the program than has been the case
heretofore. The total prizes for the
meeting will amount to over £7,000,
of which the King's with its 400
prizes accounts for £1,170. The
sights used this year in Service
Rifle ("S.R.") competitions are the
same as those permitted last year,
but in future the long rifle (Lee-
Metford and Lee-Enfield) will not be
allowed. There are no alterations in
the conditions under which the King's
Prize will be conducted, but in some
of the other competitions the number
of rounds at each range has been re-
duced and a sighting shot will be al-
lowed. In International Service Rifle
team matches, all teams must fire with
the same pattern of rifle.

THE KING'S PRIZE.

Target shooting in England came
into prominence with the formation
of the Volunteer Force in 1859 and re-
ceived a great impetus through the in-
auguration of the "National Rifle As-
sociation" in 1859. This institution,
established for the encouragement of
rifle corps and the promotion of rifle
shooting throughout Great Britain,
opened a new and important era in the
history and development of the rifle.
The first meeting of the N.R.A. was
held at Wimbledon in 1860, when
Queen Victoria, shooting from the 400
yard mark, fired the first shot, scoring
a bullseye. It is thus that the Queen's
Prize or the King's Prize, as it is
known, got its beginning, and this
prize is the highest distinction to
which a rifle shot can obtain. The com-
petition is one of three stages, and is
open to only past or present members
of his Majesty's forces. The first and
second stages eliminate all but the best
100 competitors. The N.R.A. bronze
medal is awarded to the highest scorer of
the three hundred who compete in the se-
cond stage, while the King's Prize of
£250 and the N.R.A. gold medal and
gold badge go to the winner of the
third stage. Seventy-one shots in all
are fired by competitors who go thru
all these stages. Distances range
from 200 yards in the first stage, to
800 and 1,000 yards in the final stage.

The chief event of the opening day
is the first stage of the Queen Mary's
Prize, a squadded competition open
only to past and present members of
His Majesty's forces. Unlike the King's
Prize, conditions of this competition
are designed to conform as nearly as
possible to actual war conditions.
Monday's first stage consists of ten
shots at 200 yards, snaphooting at dis-
appearing targets, which reappear at
irregular intervals spread over a total
period of ten minutes. This is follow-
ed by five rapid fire shots at 300 yards
total time being allowed is 25 seconds.
The next stage is the "fire with move-
ment." This consists of ten shots,
ranging down from 500 to 100 yards,
the men advancing and firing two shots
at each hundred yard range at dis-
appearing target. The position at the
500 and 400 yards mark will be prone,
at the 300 and 200 yards kneeling, and
at the 100 yards standing. The final
stage, on Tuesday, is the "deliberate"
and consists of five shots at the 600
yard mark. In connection with the
Queen Mary Prize is decided the win-
ner of the Canada Challenge Shield.
This shield, purchased in 1913 out of a
sum of money provided by the Domini-
on of Canada, is awarded to the team
of five making the highest aggregate in
the Queen Mary competition.

JUVENILE EVENTS.

On Monday, Tuesday and Wednes-
day of the first week are several
events for public school boys, in-
cluding the Gala and Polden, the
Daily Graphic medals, the snap-
shooting match for a challenge
trophy, the Ashburton Challenge
Shield, open to teams of eight from
the British Public Schools, ten shots
at 200 to 500 yards, with the Spencer
Cup awarded to the highest individual
aggregate in the Ashburton. On
Thursday and Friday is the full
range tyro's meeting. This includes
squadded competitions at 200, 500,
600 and 800 yards, making a total of
six squadded shots and an aggregate.
The Graphic and Wimbledon Cup,
for all comers, will be shot off on the
closing day of the first week. Can-
adians have set great store in the

TO-DAY'S MESSAGES.

RAILWAYS.

OTTAWA, July 11.
Reconstruction of the Grand Trunk
Board of Directors forshadow a change
in high positions. It is rumored that
President Hanna, Vice-President Mit-
chell, C.N.R. President Kelly, Vice-
President Scott, Grand Trunk, will
retire. It is also believed that Ottawa
will be chosen at the executive head-
quarters.

THE BETTER PART.

LONDON, July 11.
Indications are that Free State
forces aim to drive irregulars into the
southwest corner of Ireland and con-
centrate their efforts rather than
carry on scattered operations. Republi-
cans are strengthening positions in
the southwest and are hampering
rail movements of Free State forces.
It is believed that Cork or Limerick
will be the scene of the Republican
final stand, while surrender without
fighting is thought possible.

ANXIETY PREVAILS.

LONDON, July 11.
Anxiety prevails in India regarding
the whereabouts of Brigadier General
Charles G. Bruce, leader of the Mount
Everest Expedition. According to the
Daily Mail's correspondent at Calcut-
ta it is believed possible that he is
making a further attempt to scale the
peak.

WHERE FINANCE COUNTS.

LONDON, July 11.
Great Britain and France are in
close communication concerning the
German financial situation and re-
parations. Premier Poincare is said
to be coming to London for a confer-
ence with Lloyd George. The whole
question came before the British cabi-
net meeting to-day.

Try GIBSOL for Piles.

Crew Paid Off.

**PORTIA WILL LIE UP FOR SUM-
MER.**

The crew of S.S. Portia will be
paid off to-morrow, and the ship will
remain in port until September when
she will probably go to the Labrador
to bring back crews. This action of
the Shipping Department is causing
much adverse comment on the street,
and protests are bound to come in
from the West Coast. At a time
when labour is plentiful and no work
goes much surplus is ex-
pressed that the Shipping De-
partment should turn 33 men out on
the street. The city trade also has
a growl and it is a big one. The
Portia was built for the West Coast
service, and she has plied on that
route for many years. Now, with-
out satisfactory freight service from
St. John's, the West Coast merchants
may turn to Canada for their re-
quirements. It is difficult to believe
that the Minister of Shipping decided
to lay the Portia up on his own
initiative, but whoever is responsible
must be shown the error of his ways.

Making Extended Cruise.

**S.S. CABOT TAKES POLITICIAN
AND DELEGIST.**

Taking a cruise around the island,
Sir Michael Cashin and Mr. M. Con-
nor leave by S.S. Cabot to-morrow
morning proceeding West. Port will
be made at all interesting points and
on Labrador. The ship will go through
the Straits and return after cruising
the great bays on the East Coast.
The Cabot has been on dock for some
time and has practically been re-
chased. Eight or ten new plates have
been put in the hull, a new main shaft
installed, and a first class boiler in-
spection passed. The passenger ac-
commodation has been remodelled and
altogether the ship is now in splen-
did shape.

past in the winning of the Kalapora
Cup, whose full title is the Rajah of
Kalapora's Imperial Challenge Cup,
open to teams of eight from the
Mother Country, the several Do-
minions, India and the Channel Is-
lands. This consists of ten shots at
200, 500 and 600 yards range, service
rifles only and is shot off on Tues-
day, July 18. The McKinnon Cup,
for teams of twelve, is also of much
interest to Canadians, and teams
from Canada have met with consid-
erable success in these competitions,
having won one or the other on no
less than twelve occasions, and in
1909 carried off both these events.
The first stage of the King's Prize is
decided on Wednesday, July 19, the
second stage on Friday, 21st, and the
final stage on Saturday, 22nd. This
has been won by Canadian mark-
smen on four occasions, 1894, 1895,
1911 and 1913. Major Crowe, of
Guelph, Ontario, won the silver
medal for the highest score at the
second stage last year, with the final
stage being won by Sergt. J. Cun-
ningham, with a total of 236 for
the second and third stages. Sergt.
T. Anger of Calgary, Alta., was
third with 222.

ARNOLD OF WINKELRIED.
BELFAST, July 11. **OCCUPIED BY REBELS.**
LONDON, July 11.
Manor Hamilton, County Leitrim, and The towns of Castlefinn and Bally-
shannon, County Leitrim, have been occupied by the rebels. The towns of
about to attack Free State barracks, phos. County Donegal, are occu-
pied by a curial who by insurgents, says a Central News
threatened to place himself in front of despatch from Strabane.
