

Small-Pox Raging in Buffalo.

A fact which admits of no dispute is that the small-pox is at present raging to an alarming extent in this city, the number of cases being greater now than for a long time past. The disease even now fair to spread in Buffalo much more than it did last winter and spring, when the average number of deaths from it each month was between sixty and seventy. The disease prevails especially among the German classes in the city, who stubbornly oppose vaccination. Some decided action taken now would go far towards bringing it under control, when perhaps a month or so has passed it would be impossible for the city of police commissioners are fully alive to their duty in preventing the spread of the small-pox, and yesterday passed the following resolution:—

Resolved,—That in view of the prevalence of small-pox in the city, the several members of the police force be and they are hereby ordered to report to the surgeon of police for vaccination forthwith; and that the surgeon be and is hereby directed to report to the board the names of all members of the force who neglect or refuse to comply with this order.

The disreputable effort that has been made in some quarters, to render Mr. Grealey's defeat and death a great financial disaster to the welfare of the New York Tribune, has received a practical set-back in the offer of \$10,000 per share for that portion of the stock which has now become the property of Mr. Grealey's daughters. This is as large a value as has ever before been placed upon the stock of the New York Tribune.

A recent Dominion return shows that the salaries paid eight officers in connection with the Intercolonial Railway amount to \$22,800 per annum. The highest salary is paid the chief engineer, Sanford Fleming, \$4,800 a year; the three Commissioners, Messrs. C. J. Brydges, E. B. Chandler, and A. W. McLelan, get \$8,000 each. Aquila Walsh, Chairman of the Board, gets \$4,000.

Kinoston is to have a new Registry Office.

Breakfast—Epps' Cocoa—Grateful and Comforting.

By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is a simple, but most effective, remedy for all cases of indigestion, loss of appetite, and weakness. It is made simply with boiling water or milk. Each packet is labeled "James Epps & Co., Homeopathic Chemists, London." Also, makers of Epps' Milk Cocoa (Cocoa and Condensed Milk).

It is an established fact, that consumption can be cured; but it is far better to prevent the cruel disease from fastening itself on the system, by the timely use of a remedy like Dr. Wistar's Balsam of Wild Cherry. This standard preparation will speedily cure a cough or cold, and consumption often yields to its great power.

North Haven, Knox County, Me., 12th June, 1871.—Mr. James L. Fellows, Chemist, St. John, N. B.—Dear Sir: Having used your chemical preparation of Hypophosphites, which was recommended to me by Mr. Blagdon, Apothecary, Rockland, I am truly surprised with its wonderful effects, because for several years my health has been declining, notwithstanding every means possible, which offered encouragement, was used by me. Several alarming symptoms appeared, amongst which dyspepsia, palpitation of the heart, impoverished blood, and great prostration. Since January, when I began the use of your Syrup, my health has steadily and amazingly improved, so that now it gives me great pleasure to recommend it to others, and in this way to show my gratitude for return of health. To all who require a remedy for debility, I would say they will find your Compound Syrup of Hypophosphites just what you say it is. I believe it is the best preparation in use. I am, sir, etc.

THE GREAT REMEDY FOR CONSUMPTION

which can be cured by a timely resort to this standard preparation, as has been proved by the hundreds of testimonials received by the proprietors. It is acknowledged by many prominent physicians to be the most reliable preparation ever introduced for the relief and cure of all Lung complaints, and is offered to the public, sanctioned by the experience of over forty years. When resorted to in season it seldom fails to effect a speedy cure in the most severe cases of Coughs, Bronchitis, Croup, Whooping Cough, Influenza, Asthma, Colds, Sore Throat, Pains or Soreness in the Chest and Side, Liver Complaint, Bleeding at the Lungs, &c. Wistar's Balsam does not dry up a Cough, and leave the cause behind, as is the case with most preparations, but it loosens and cleanses the lungs, and allays irritation, thus removing the cause of the complaint.
