

**BY TELEGRAPH TO THE MERCURY**  
**The Boston Line of Steamers.**  
 Secretary Fish and the New Cable.  
 Rochefort the Escaped Communist.  
 Brave Rescue at the Falls.  
 Shipwreck, Fire, Insurrection and Strike.

London, June 1st.—A despatch from Morocco says: 12,000 inhabitants of the city of Fez have risen in consequence of the reimposition of the gate tax. All business is stopped, but at last accounts there had been no fighting.  
 London, June 2nd.—The Times contradicts the reports of the complete withdrawal of Cunard steamers from Boston because of the scarcity of freight, and states that the only change to be made is that some of the steamers which go to Boston will return by way of New York. The national line will establish a weekly service to Boston on a similar plan.

Madrid, June 1st.—A Spanish frigate has arrived at Orin, Algiers, to take on board and bring to this country the convicts who escaped from Carthage at the time of the suppression of the Intransigent insurrection.  
 Melbourne, May 30th.—The ship British Admiral, from Liverpool for this port, went ashore on King's Island, in Bass Strait, and became a total wreck. She had on board forty-four passengers and a crew of thirty-eight persons, and all were lost except four passengers and five seamen. King's Island is uninhabited and very dangerous to shipping, several vessels having gone ashore there and become totally lost.

New York, June 1st.—The hod-carriers, by order of the Labourers' United Benevolent Society, struck to-day for higher wages. This strike necessarily prevents bricklayers and masons from working, and is likely to cause much distress.  
 New York, June 2.—The Herald says: It is reported from Washington that Secretary Fish will interfere to prevent landing on the Atlantic Coast of the new cable and asks, in whose interest.  
 The Communist, Rochefort, dined with M. Pelletur last evening, and received a number of members of French Societies, but declines attending any of their meeting, or taking any action in politics at present. He will lecture here on Friday morning and sail for Europe next week.

Chicago, June 1st.—A large and excellent brick, corner of Madison and Market streets, owned and occupied by M. D. Wells & Co., wholesale manufacturers and shoes, was entirely destroyed by fire this morning. The loss on the stock is not less than \$300,000, and on the building \$90,000. The building was insured for \$60,000 and the stock for \$200,000.  
 Buffalo, N. Y., June 1st.—A painter named McCulloch, while on one of the bridges of Three Sister Islands, Niagara Falls, fell off the scaffold and was carried by the current near the edge of the Falls, and was caught on a rock, a short distance above the Falls, but was rescued by a brave young man named Tom Conroy, who perilled his own life to save that of his fellow-man. Tying a rope around his waist, and descending from one of the islands through a part of the rapids to the rock to which the unfortunate painter was clinging for his life, he handed McCulloch a line, by which he was saved from being carried over the Falls.

**D. WHEELER'S ELIXIR OF PHOSPHATES** and Callaya—After having used your Compound Elixir of Phosphates and Callaya for over two years in my daily practice, I must give it my unqualified approbation. During a practice of over twenty years, I have used many scientifically prepared compounds, unable to fulfil the same therapeutic indications as your Elixir, but none of them proved with me as valuable as yours. To the medical profession and the public, I would especially recommend it as the best remedy with which I am acquainted for the successful treatment of the large and constantly increasing class of cases of over-worked and nerve-exhausted women.  
 Yours truly,  
 N. WATKINS REEL, M.D.
