Two Calls for the Fire Brigade

The fire department had two runs yesterday, the first being in the afternoon, when a defective chimney at the residence of J. N. Brooks, 17th avenue, caused considerable trouble. The second alarm was sent in at 2:05, a chimney in the Wright's Hall, Riverdale, caused a real display of fire. The fire was quickly extinguished, as the firemen were on hand at once. The damage in both will be very slight.

Hospital Tag Day

At a meeting held yesterday afternoon the Women's Hospital Aid society organized for tag day, to be held on July 6, Citizens' day, or the provincial fair. All ladies in this city who have the interest of the hospital and the welfare of the patients at heart, who would be willing to work for the society on tag day, are requested to send their names to Mrs. R. R. Jamieson or Mrs. Basil G. Hamilton, either by phone or writing.

AT THE THEATRES.

Lyric Theatre.

The last performance of "The Marked Ball" will be given tonight by the Eckhardt company at the Lyric theatre. The piece has proven a source of much amusement to theatre-going folks who like farce comedy. Commencing Thursday night and continuing Friday, Saturday matinee and night the farce comedy "Are You an Old Fellow?" will be given a clever production.

Starland.

A startling and thrilling western drama, one of the greatest wild and woolly west pictures ever shown at Starland, has been included in the change of program for today, which is made up of brand new pictures, with the exception of the famous Oxford v. Cambridge 1910 boat race, which will be exhibited by request again, this time as an extra in addition to the regular program. The song, "Things On My Fingers and Bells On My Toes" was so much liked that Mr. Graham has decided to keep the catchy attraction for another day or two. Despite the sudden change in the weather, quite a number of people turned out to see the extra matinee pictures, which are proving quite a success.

THE PASSING OF THE RANGE IN SOUTHERN ALBERTA

Another Big Ranch Property Being Divided Into Farm Property

Howell Harris, manager of the Circle ranch, was in the city yesterday on his return to Lethbridge from a visit to the ranch. Mr. Harris moved most of the company's stock last fall from the range at Queenstown, south of Calgary, to its new range on the Red Deer, north of Brooks, and will move the balance next month.

The Queenstown range will then be subdivided and disposed of for farming lands. Most of it is well adapted for grain raising, and Mr. Harris says that last year he threshed 60 bushels of first class oats per acre from land that had been cropped continuously to oats for the past 21 years. In that time there was only one crop failure.

The cattle came through the winter in excellent condition, and are in fine shape for putting on flesh during the summer months.

CALGARY PUPILS PASS EXAMINATIONS IN MUSIC

List of Pupils of Miss Atkinson Who Were Successful

The following is the result of the examinations in music held in Calgary last Thursday, May 5, by Dr. H. C. Perrin, professor of music in McGill University, Montreal:

Theory, grade 5, Mildred Jamieson, pass; pianoforte, grade 5, Edna Wallace, pass; pianoforte, grade 5, Octavia McKie, pass; pianoforte, grade 6, Margaret Duck, pass, with distinction.

The above are all pupils of Miss Eugenie Atkinson.

CROPS NOT SUFFERING YET FOR WANT OF RAIN

Mr. Hornby Has Been Making a Trip Out Carstairs' Way

James A. Hornby returned last night from a trip through the country for 35 miles west of Carstairs. To the Albertan, Mr. Hornby stated last night that the crops in the country through which he passed were looking fine, and as yet are not suffering from lack of moisture, although a good warm rain would bring them along more rapidly. Most of the spring sown grain is up and looks green and fresh. Fall wheat looks well and gives every appearance of being a good average crop.

Winnipeg Markets

Winnipeg, Man., May 10.—Broomhall: Markets opened higher in sympathy with Minneapolis, which opened 1-4 cent above yesterday, but values declined 1-2 to 1-4 cent on receipt of heavy cables, which forced shorts to cover, and values steadily declined. Cables opened weak on pressure at heavy offerings, causing a sag in both American and local markets.

Very little trading was done and there was little demand for either cash grades or options.

All American markets closed one below yesterday, local markets closing 1-4 to 1-2 below yesterday's close.

Cash oats were in little demand, and closed 1-4 cent lower.

Cash and July flax went up two cents.

Liverpool, May 10.—Broomhall: Wheat opened weak under pressure of heavy offerings and profit taking, stimulated by lower American cables and bearish construction placed upon the government report in America. Following the opening, prices further declined 1-4 to 1-2, with a very poor enquiry for parcels and weakness in spot markets.

Just before midday a steeper undertone developed and prices reacted from the extreme decline. Support at this time was due to fears of over-selling owing to less favorable weather and heavy decrease in European visibility. At midday the market was weak, 1-8 to 1-4 higher than the low, and 1-4 to 1-2 lower than yesterday.

Corn featureless.

European visible wheat decreased 4,800,000, and amounts to 88,144,000, against 89,224,000 last week. Last week there was a decrease of 884,000, and a year ago a decrease of 5,300,000, when the total amounted to 93,900,000.

TO DOUBLE TRACK EIGHTH AVENUE

Report of Legislative Committee to Be Considered By City Council Tonight

The report of the legislative committee in reference to street railway lines will be considered at a meeting of the council tonight. The report recommends that the double-tracking on 8th avenue from Fourth street west to Eleventh street west and on Eleventh street west from Twelfth avenue to Twelfth street west be proceeded with as soon as the necessary bylaw is passed and that the commissioners furnish a comparative estimate of the cost of extending the street railway system across the Elbow river at Twelfth and Seventeenth avenues and also an estimate of the cost of a single track on Fourth avenue from Centre street to Ninth street west.

The report of the railway committee in reference to the overhead bridge at the new C.P.R. yards at East Calgary will also be considered.

ONTARIO CROP REPORTS ARE VERY FAVORABLE

Prices for all kinds of Live Stock Are Very High

LESS DAMAGE THAN IN FORMER YEARS

Should Ordinary Fair Conditions Prevail Province Will Have Good Crop This Year

Toronto, Ont., May 10.—The Ontario department of agriculture has issued the following statement regarding agricultural conditions at the beginning of May:

Fall Wheat—This crop entered into May well forward, and presenting a good appearance on the whole, more especially where it had been got in early. Some late sown fields looked rather thin, owing to the dry fall; on low lying places there were bare spots, caused by ice forming during the winter. Barley or other spring grain was sown on the patchy places in preference to reaping; in the latter half of the winter the crop was practically nil; in fact, the usual spring month of March was, if anything, a very dry one.

The rainy weather of the latter half of April gave the crop a fresh start, and although some had fear of "drowning out" in low places, it was quite vigorous looking at last accounts.

The injury from insect pests is less than usual, there being but scattering mention of Hessian fly, wire worm and white grub.

Winter Rye—The acreage of this crop is small, but where grown it is reported to be in good condition generally.

Clover—Like fall wheat, clover wintered well, and the spring was also favorable, there being practically no injury from frost. The crop suffered more from last season's growth than from anything else. This has a tendency to thin many fields, but taking all together, clover presents a good appearance at present, more especially in the case of new meadows, and enters upon the growing period with the promise of a good yield should ordinary fair conditions prevail.

Live Stock—All classes of live stock are at a premium. Prices for horses are high and firm, attributed by some to the great demand for the western provinces. Their general health is good, except for a form of strangles.

Cattle have been remarkably free from disease, but are rather thin in flesh, owing to somewhat close feeding.

Fat cattle are very scarce, and stockers are harder to procure than in former years, while in consequence a good deal of inferior beef has been disposed of at good prices.

Sheep are doing well, lambs now coming strong and plentiful in proportion to the number of rams. High prices for these also prevail.

Swine are not so plentiful as in former years, as they have been ruined by market at prices characterized by one correspondent as sky high.

In fact, there are complaints of too hasty marketing.

LETHBRIDGE VERY ACTIVE AND EVERYTHING BOOMING

Prospects for a Busy and Prosperous Season Were Never Better

Norman T. MacLeod, of Lethbridge, spent yesterday in Calgary on a business visit. Mr. MacLeod reported that business in Lethbridge is very brisk at present and real estate is active and property is changing hands rapidly at good prices.

Director, Sincere, was appointed to see the city commissioners to ascertain if school certificates could not be given permission to "sprinkle" school premises between 9 a.m. and 5 p.m. during which time no one is supposed to be in the school.

It was asserted that caretakers have no opportunity to sprinkle during the prescribed hours.

Superintendent Scott read the following report:

The statistical report for the month of April shows that there were 2,377 pupils in the schools of the city during the month, 1,999 in the public schools and 378 in the high school.
