The Story of a Woman Addressed to Women.

IT TELLS HOW THOSE WEAK AND DESPON DENT CAN OBTAIN NEW HEALTH AND STRENGTH AT A SMALL EXPENSE - THE FACTS FULLY VERIFIED BY INVESTIGATION. From the Mail, Granby, Que.

The reading public have evidence put before them almost every day of the healing powers of Dr. Williams' Pink Pills. It is sometimes asked whether these cures are permanent, and in reply to this we would say that a case which recently came to the attention of the Mail indicates that the results following the use of this medicine are as lasting as they are beneficial. Some years ago Mrs. Robert Webster, who is well known in Granby, passed through a very serious illness in which her condition very nearly bordered upon collapse. Her blood appeared to have almost turned to water. She was very weak, her appetite fickle, and she suffered from severe headaches. Mrs. Webster had the benefit of excellent medical advice, but apparently without avail, as she seemed steadily growing worse. The least exertion would fatigue her. and finally she was for a time unable to do her housework, and was confined to bed. Her husband suggested the use of Dr. Williams' Pink Pills and purchased a few boxes. Mrs. Webster had not been taking the pills long before she found herself growing stronger. Her headaches disappear ed, her appetite improved, new blood appeared to be coursing through her veins, and her nerves again became strong and active. After using the pills for a couple of months she felt as well as ever she had in her life, and could do her housework without feeling the fatigue that had formerly Pink Pills and is soon all right, and she thinks there is no medicine to equal them. Mr. Webster, speaking of his wife's cure, says Dr. Williams' Pink Pills did her a thousand dollars worth of good, and friends who knew her condition before she began the pills and saw the effect upon her, say the same thing. There are a number of others in this vicinity who have

There are thousands of women throughout the country who suffer as Mrs. Webster did, who are pale, subject to headaches, heart palpitation and dizziness, who drag along frequently feeling that life is a burden. To all such we would say give Dr Williams' Pink Pills a fair trial These pills make rich, red blood, strengthen the nerves, bring the glow of health to pile and shallow cheeks, and make the feeble and despondent feel that life is once more worth living. The genuine are sold only in boxes, the wrapper bearing the full name "Dr. Williams' Pink Pills for Pale People." May be had from all dealers or by mail at 50c. a box or six boxes for \$2 50, by addressing the Dr. Williams' Medicine Co. Brockville, Out.

ELECTION BILL.

Brought Into the Legislature By the Attorney-General.

Mr. Whitney Says It Is His Bill to All Intents and Purposes-The Attorney-General Admits That More Severity Towards Corruntionists in Ontario Is Needed-How It Is Sized Up-Other

Toronto, April 18. - Mines and bribes monopolized the attention of the Legislature yesterday. The Bracabridge and Trading Lake Bay Company bill, the Town of Preston bill and the City of Oshawa

Mr. Davis' Mines Bill. Mr. Davis gave an exhaustive account of his Mines bill. It was not the intention of the Government at the present time to levy any tax, at least for a number of years, although the bill conferred this power on the Government. He repeated a great deal of what he had said when sintroducing the bill.

Mr. Whitney's Protest.

Mr. Whitney asked what is the reas on of bringing in hundreds of bills containing provisions which the Gov-ernment do not intend to put in force?" Mr. Davis, when introducing such provisions, generally wound up by saying, "Not for a number of years at any rate." Why not let the eople of this province have a few fears of freedom at any rate? Why ontinue governing the people by Or Why take away fron the House the powers which belong to it by virtue of our system of gov-ernment? But the Government con-tinues holding over the heads of the people engaged in mining, lumbering and pulp industries the terror of future action of the Government in forcing the tax. I believe from knowledge that has lately reached me that no greater injury has been done, will be done or can be done by made her life so miserable. This, as already indicated, happened some years ago, and in the period that has elapsed Mrs. Webster has enjoyed the best of health. She says that if she feels at any time a little run down she takes a few doses of Dr. Williams' little run down she he also objected to the \$10 mining the positions of Government In this province than this system of holding out these threats, that whenever they choose the Government can inflict and enforce this tax, the power to do which the Government reserves to itself. In some matters he had endeavored to improve upon Mr. Whitney's bill. He then enumerated in detail the good points of the bill. Mr. Gibson idmitted that the English law

Mr. Whitney Is Complimentary. Mr. Whitney complimented the Attorney-General on the sincere tone of his remarks. For years he (Mr. Whitney) had attempted to grapple with this question, but Mr. Gibson had year after year opposed his denad year atter year opposed its de-man for imprisoneuth of election offenders. Mr. Whitney mentioned that he had proposed the trial of of-fenders by jury, which Mr. Gibson had also opposed. However, it was his belief now that the people of Ontario would be better satisfied with trial by the election courts without the intervention of a jury The Attorney-General has now devel The Attorney-General has now developed a strong inclination to severity and in that direction the Opposition would go as far with him as he could desire. Mr. Whitney added: "Every section of the Attorney-General's bill, with two or three exceptions, is founded on mine, and in many cases an exact transcript has been made of my clauses." Mr. Whitney then went on to make comparisons of the went on to make comparisons of the
