NATIVES OF ALASKA FAST DYING OUT!

One-Third of the Residents in One Section Passed Away Last Year.

Washington, D.C., Oct 8.—The rapid decline of the native population of the Aleutian chain of islands is told by a report just received by the marine and steamship service from F. J. Thornbury, its first surgeon at Dutch Harbor, Alaska, The report says that formerly there were 120 villages on the islands, with a native population variously estimated at from 1,500 to 2,500. Now in the same district there are only ten villages and 1,000 inhabitants, exclusive of whites; 3,300 are Creoles (mixed breeds) with Russians and Creoles (mixed breeds) with Russians and Creoles (mixed breeds), with Russians and other nationalities, and 700 Aleuts. The report says: "Last year Unalaska had 353 inhabitants, 16, or nearly one-third, of whom died. According to data obtained from the Russian priest of the Greek Catholic Church, who has the only morcatholic Church, who has the only moltality records kept in the village, there being no health officer of even physician, 30 deaths were ascribed to 'cold,' 24 to consumption, 33 to measles, and 7 to old age; 5 were drowned. The remarkable mortality from measles among the natives in Alaska during the past year appears to in Alaska during the past year appears to be due to the bad sanitary environment and lack of precaution against exposure. On the Kuskakwin and in other sections of the mainland, from one-half to two-thirds of the natives died, and many were left unburied in the mud houses where they lived, surviving members immediately deserting the place, which would often contain from one to a dozen natives, living regardless of family relations. As many as a half-dozen bodies have been seen by prospectors in a single hovel, and numerous dead bodies were seen lying about on the ground, partly eaten by the foxes. There are numerous instances of whole villages being deserted, the few surviving natives having a superstition about staying where so many of their number had died.

MEETING AT POPLAR HILL

Semi-Yearly Gathering of the P. C. Baptist Church.

Prosperous Congregation of One of the Oldest Denominations in West-

The semi-yearly meeting of the Particular Covenanted Baptist Church of Lobo was held at the Poplar Hill meeting house on Saturday, Sunday and Monday. The weather was delightful. Large crowds were present, including representatives from all over the province. The services were conducted by the pastor, Elder Carnell, assisted by Elder Curry, of Ohio, and were richly enjoyed. Two candidates were baptised. The next meeting will be held at Duart, Kent county, in February next.

The Particular Covenanted Baptist Church is one of the oldest religious denominations in Western Ontario, having been established here about 1818. Its adherents are found in numbers sufficient for church association only in the counties of Middlesex, Kent and Elgin, being particularly strong in Lobo, but scattered members are found all through Ontario. Some 30 years ago there was a split on a minor point of doctrine in the Lobo convention of the church, and one branch now has its meeting house at Poplar Hill, while the other has a substantial meeting place near Lobo village. The latter body holds its half-yearly meeting on Saturday, Sunday and Monday next, and a large crowd is expected to attend.

Amos Stirling, another negro, is awaiting sentence for complicity in the murder.

ON THE FARM.

There's many a successful business man who sits in his city office and lets his mind slip back to his boyhood days on the farm. How good it felt to live! What an appetite he had! How good everything tasted! How sound his sleep was! How eagerly he rose with the sun and raced with him through the long day. And now he's a successful man. But he can't sleep. He doesn't enjoy his food. His stomach is weak, his nerves are shaken, and he no more rises with the sun to race eagerly against him. His vitality is low and now and again his heart seems to plunge in his breast as if it would break loose. That's the

price he has paid for success. The mischief of the whole business is that he buys "tablets" of one sort or another to "aid" his digestion, and indulges in bromides and other nerve stimulants, just to hold himself together, and wonders why he seems to be getting

The whole trouble with such a man generally lies in what is called a "weak" stomach. The food he eats does not nourish him because it is only partially digested and assimilated. No man can be stronger than his stomach, because it is in the stomach and allied organs of digestion and nutrition that strength is made from the food which is eaten.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It restores the strength of the body in the only way strength can be restored, by food which is perfectly digested and assimilated, when the diseased stomach (with its allied organs) is cured of disease. It is a blood-making, body-build-ing medicine, inasmuch as blood is made from food and the body is built up by blood. It is not a stimulant, containing neither alcohol or any other narcotic.

NO OTHER DOCTOR FOR ME.

"Last spring, early, I wrote you my feelings and condition," says Mr. A. J. Vanderwater, 873 West Division Street, Chicago, Ill., "and you advised me to take Dr. Pierce's Golden Medical west Division Street, Chicago, Ili., "and you advised me to take Dr. Pierce's Golden Medical Discovery (a few bottles), and then write you how I felt. I am happy to say I am getting to feel fine. In all I have taken six bottles of the 'Discovery' and four or five vials of the little 'Pellets.' They have done me worlds of good. All my friends say: 'Vanderwater, how well you are looking. What in the world have you been doing?' I tell them I have been doctoring with Dr. R. V. Pierce, of Buffalo, N. Y. 'Why,' they say, 'you haven' been there?' No, I say, but I took his 'Golden Medical Discovery' and his little 'Pellets.' These medicines have wrought the great change in me. From a slow mope of a man that could hardly crawl, tired and sick all the time, and could do no work; to a man who can work, sleep, eat, and feel fine, and that tired feeling is all going away. I am very thankful that I wrote to Dr. Pierce. His 'Golden Medical Discovery' and his little liver 'Pellets' have almost made a new man of me. I feel young as I did at thirty years. No other doctor for me, only Dr. Pierce."

HAD GIVEN UP HOPE.

"I will express my thanks to you for the kindly advice you have given me in regard to my case." writes Miss Carrie J. Wharton, of Dunavant, Spottsylvania Co., Virginia. "When I wrote to you last spring I was in a terribbe state of health. Had given up all hope of ever being better. I spit up my food all the time and it seemed sour as vinegar. I would have a bad sick headache every other week; in fact, my head never felt clear, and I was perfectly broken down under the strain of losing my food constantly. I had read a great deal in your books of what your medicine had done for others, so I wrote you and got your advice. Bought two bottles of 'Golden Medical Discovery' and the first dose I fook I felt better. When I had finished taking the two bottles the spitting up had entirely stopped and my head was much better. I believe your medicines are inst what you have said of them.

"I carefully read the books you sent me and shall always speak a good word for the 'Golden Medical Discovery' whenever I have a chance.

"You can publish this if you think it worth while. It might induce some one else to try your medicine who was suffering as I did. It was by the testimonials of others that I was induced to try it. I shall always rely upon your advice and feel safe to do as you tell me."
