Toronto, Oct. 25. - No further items Russians Advance.

Mukden, Oct. 24., via Pekin. - The Russian forces on the left again ly seen busily engaged in the making of trenches. This plan of the Russians entrench as they advance was adopted because it was found in the recent big battle that it was impossible to advance without some protec tion in the face of the Japanese shrapnel fire. The Russian batteries are now better screened than they were former engagements, but the troops or both sides apparently make no great effort to conceal themselves. The Russian and Japanese armies are now separated by less than four miles, and the whole field of operations of both armies can be plainly seen. The question of fuel is becoming a serious one. The greater part of the Chinese corn fodder, while most of the houses in the Chinese villages have been destroyed and their wood used for fuel. Without fuel and without shelter beyond that provided by tents it seems im for the armies to remain in the field
