Hamilton, April 17.—Lying dead in a coal wagon, with empty coal bags for a bed, Harry MacDonald, 21 years of age, 327 Barton street east, was found this afternoon with a revolver containing two empty cartridges still clasped in his hand, and a bullet wound in his forehead.
The body was found by his brother and some friends searching for him, as he had been missing from home since Friday evening. In the band of his hat was a note, the contents of which the police refuse to divulge.

FINDING IT HARD TO STRIKE RATE

It Looks as Though It May Be 23 1-2 Mills on Dollar This Year.

SOME CUTTING SATURDAY

Another Meeting Will Be Held Tonight to Further Consider Matter—Saturday's Results.

After grappling with the estimates for several hours on Saturday afternoon, the Finance Committee concluded that a rate of 23 mills was quite out of the question. There is a possibility of making it 23, but that is quite remote, they claim. It will be 23 1/2 mills.
The Finance Committee were confident that the estimates of the estimated spending bodies could be reduced sufficient to allow for a lower rate, but when they tried it, it was found absolutely impossible to get them down to any appreciable extent.
The first figures attacked were those of the board of education. Chairman Weston, Trust and J. M. Gunn, and Secretary McElhannon were present.
As a result of an hour's conference the estimates were reduced \$3,000 all told.
The receipts of the Collegiate Institute were increased \$1,000. Of this amount \$200 was added to the anticipated receipts from the county, and the remainder from the Government as a grant towards manual training for the Collegiate. The expenditures remained the same. The city will be required to hand \$41,000 over to the board for Collegiate purposes.
The Public Schools.
The claps of the public schools were increased \$1,700. Of this amount \$300 came from Government grants for manual training. The remainder \$1,400 is also a Government grant to be applied to the ordinary expenses. However, London's salaries are as high as the Government demands, so they have allowed the board of education to apply the same to ordinary expenses. Three items of expenditure were reduced \$1,500 all told. The amount set aside for stationery, \$2,000, was cut down to \$1,500. The cost of fuel was cut down from \$7,000 to \$5,500, and the item for new seating was chopped from \$1,000 to \$500.
The total estimated expenditure for schools was fixed at \$205,593.31, an increase of \$6,037.76 over last year.
When the estimates were reached, they were reduced \$1,138, the amount necessary to put walks on the market.
The estimates were finally passed at 23 1/2 mills.

The Finance Committee had a great time with the board of works and slashed \$43,875 off their estimates. Of this amount \$28,875 was cut off, but against the remainder, \$5,000 additional receipts were put in.
More Franchise Taxes.
The committee decided that henceforth street cleaning must be paid for by franchise taxes, as is the case with street watering, and other local improvements.
"We have no right to pay for street cleaning," declared Ald. Richter. "It should not be paid out of the general rate. The property benefited should pay the cost of this work." We broke into cheers that were echoed to the street and told the waiting crowds outside of the outcome.
Justice Clute then said to the prisoners:
"The jury has taken what I consider a merciful view of your case. They have decided upon this evidence that you are not guilty. You are still a young man and I have no doubt that you wouldn't be where you are if you followed your better instincts and especially avoided intoxicants. Let me permit me to say with the best intentions I can, that I trust you will emphasize this verdict by the nature of your future life, of your future conduct. You are now discharged."
After the verdict it was said by a jurymen that the case rested on the question of the credibility of the witnesses.

BISHOP FORTHING ON MARRIAGE LAW

Would Have the Hebert Case Taken to Privy Council.

Montreal, April 17.—The annulment of the Hebert marriage drew forth a vigorous protest from Bishop Forthing this evening in Christ Church Cathedral.

He declared that the Roman Catholic Church cannot be allowed to touch the legality of a marriage of a Roman Catholic when performed by a minister of another church, though the church may inflict penance or other ecclesiastical discipline on the offenders.

His lordship called into question the interpretation of the law on the matter, and suggested that it would be in the interests of morality and peace if a test case were taken to the privy council.

The Hebert judgment, the bishop said, struck at the very root of family life, and there must be no more such scandal. Civil and religious equality of all must be sought for by the citizens of Canada.

HAMILTON MAN SUICIDES OUT WEST

Note in His Pocket Declares He Was Tired of Life.

Winnipeg, Man., April 17.—"I'm tired of it all. It's not worth the struggle, and I am going to end it." Penning these words on a slip of paper, W. H. Blair, of Hamilton, Ont., drew a revolver and blew out his brains.
According to the punch marks on a railroad ticket found in his pocket, Blair had evidently left Toronto for Vancouver on April 10, arriving in Winnipeg, April 12. He had \$125 in cash on him and a valuable gold watch and chain, with the latter of which he had tried to reward a little girl at a farmhouse where he had asked for and received food.
Blair tragically took place on the high road three miles from Rosser. He was identified by his name being tattooed on his right arm.

FOUR KILLED IN BLAST.

Vancouver, B. C., April 17.—Four men were killed in a blasting accident at Pitt Lake, 40 miles from Vancouver, on Thursday evening. The names of the dead are:

Alex. Lowe, 43 years old, superintendent.
Arthur Lowe, aged 19, nephew of the former.
Adam Hein, aged 35.
William Arthur, aged 22.

The men were engaged in blasting, and evidently went back to examine a blast which had not gone off. Apparently they were standing right over when the explosion occurred, and were horribly mutilated.
