The New York Sun states in regard to the above: "Among a number of fine modern structures in the vicinity of Lafayette and Howard streets, perhaps the finest is that which bears the distinguished name of Bradstreet's. This building is situated at the northwest corner of Lafayette and Howard streets, and is to be used principally for their mechanical department, their large executive offices and spacious New York office being still at 345-348 Broadway."

Mystery in Death of Wesley Boran

[Canadian Press.]
Brookville, July 18.—Sidney Empey, charged with manslaughter in connection with the supposed drowning of Wesley Boran one week ago, was brought out in police court today.
The crown asked for an adjournment of the preliminary hearing to await the recovery of Boran's body, which is expected to be recovered later than on Sunday next, providing, of course, he has been drowned, which is only problematical.
Empey, who sticks to his original story, was admitted to bail for his appearance on July 26, furnishing bail for \$2,000, exacted by Magistrate Patterson.

English Beauty Tells Complexion Secrets

["Elise," in American Home.]

Through a fortunate meeting with an English lady, noted for her dazzling complexion, I recently learned the full meaning of the old adage, "Beauty is but skin deep." She taught me how to remove my muddy old skin, revealing the young and beautiful skin underneath. The process is so simple, harmless and inexpensive, I'm sure you'll be glad to know about it. Just get an ounce of ordinary mercurized wax at any drug store and apply nightly, like cold cream, for a week or so. Every morning in washing off the wax, tiny particles of worn-out cuticle come off, too. The action is so gentle and gradual, there's no discomfort. It's a wonderful treatment, as it not only peels off the faded or discolored skin, but all of its defects, as chaps, roughness, freckles, pimples, blotches, blackheads.
I am indebted to the same lady for a remarkable wrinkle-removing formula. One ounce powdered salicylic acid is dissolved in a half pint witch hazel. Used as a face bath, this is so effective that just one application causes the finer lines to disappear, and soon even the deepest

YOU BUY FURNITURE FOR A LIFETIME AND LONGER

The only furniture worthy of the name is that which can be handed down from generation to generation, with a newer beauty growing with the years of pleasant use.

Such furniture not only must be of good, honest wood, but of good, honest workmanship as well.

We invite you to come and inspect the display of such furniture now on our floor from the factories of Berkey & Gay and other renowned makers with whom cabinetmaking is a hereditary art, made by workmen who today are at the bench where their fathers and grandfathers worked.

See the perfect cabinet work, the patent fitting and joining. Note that heavy solid wood is used throughout. Such work as this naturally accompanies designs which answer the most artistic desires.

We exclusively sell the Berkey & Gay and several other makes of the highest grade furniture. Come and look over the pieces on display and see the catalogue of standard and ancient designs for which this firm is particularly noted.
