Leadership Broken

Mr. Byan's leadership of the Democratic party definitely was broken at the national convention at San feated in his efforts to have a dry plank included in the platform. Throughout the campaign he remained silent and afterward said it was he first time in forty years that he had made no speeches for a Demo cratic presidential candidate. The reason for his action, he said, was

that he did not agree with James M. Cox, the party's candidate, who was defeated by Warren G. Harding, and that he did not want to debate with the candidate of his own party. After his defeat on the convention floor relative to the proposed dry plank, Mr. Bryan said: "My heart is in the grave with our cause. I must pause until it comes back to me."
