## NEWSPAPER MEN BACK FROM EUROPE

Enthusiastic Over Their Reception in Britain and on the Continent

Quebec, Aug. 4.—The Canadian Weekly Newspaper Association, which for the last six weeks has been touring in Europe, arrived here on their homeward journey Saturday morning on board the Canadian Pacific steamer, "Mont Lawrence." The party consisting of about 150 members of the Association and their wives, were delighted with the warmth of the reception recorded them as representative Canadians at all of the many hotels and restaurants they visited.

Lorne E. Bennett, president of the Association, stated that everywhere they had been received with the warmest cordiality and had been made to feel more like home coming relatives than visitors from abroad. In England they had been taken in hand by a committee, which included Lord Burham, Lord Kinnaird, Col. Grant Mordaunt, and they had been able to visit many places closed to most travelers.

It was the opinion in England that their visit had done much to help toward better relations upon Canada. The members of the party spoke highly of the Wembley Empire Exhibition, which they said was having a markedly favorable effect upon the British mind.

### ASSAULT CASES BEFORE COURT

Preliminary Hearing in Connection with Charlo Affray

Opened Yesterday Morning

The first case in the preliminary hearing of the four defendants apprehended on charges in connection with the affray which occurred at Charlo on Tuesday night of last week, opened at the police court here yesterday morning before Judge Matheson. The first case, that of Alphonse Frenette, charged with assaulting and doing grievous bodily harm to the person of Inspector Brown, occupied the attention of the court throughout two sessions yesterday and up until noon today, the evidence being completed shortly after 12 o'clock.

In this case more than a dozen witnesses were called but little evidence of any value was elicited from them. Several of these witnesses the disturbance at Charlo but were unable to say who participated in the fight and who inflicted the injuries.

Nearly every witness called to the stand declared that he had seen the whole truth in the case, but none had seen him mixed up in the quarrel which occurred last night.

Whether or not the witnesses who have so far been heard are telling the whole truth it is impossible to say, but about all the case has succeeded in establishing so far is that there was a fight at Charlo on Tuesday night of last week.

After the last witness had been called this morning Frenette took the stand and gave a straight forward account of his movements during the evening on which the disturbance took place. Judge Matheson reserved his decision until after review the evidence.

### Three More Cases

Three more cases in connection with the Charlo affray remain to be heard. The defendants in these cases are George Cook and Wallace Dempsey of Jacques River and Theopha Culligan of Culligan, N. B.

One of these cases is being proceeded with this afternoon. The charges in the remaining three cases are the same as in the one just completed.

The four defendants above mentioned were apprehended on Friday last. Upon their arrival here each secured bail in the amount of \$500.

At least one other man by the name of Dempsey also of Jacques River, who it is alleged took a prominent part in the fight at Charlo, is still at large.

The cases now in progress have aroused considerable interest. At each session the court room has been crowded almost to capacity while on yesterday fifty motor cars were parked along Roseberry Street in the vicinity of the Municipal Building.

show that Nova Scotians are a hardy lot.

### DOG ATTACKS BULL TO SAVE MASTER

Faithful Animal Came to Rescue of Farmer who was Being Gored by Bull

Charged by a mad bull, Edward Bristow, a farmer at Pointe Claire, Quebec, only escaped death, when his little dog attacked the enraged animal. He was severely gored but is expected to recover.

Bristow is the owner of a farm at North Pointe Claire. He went to his field accompanied by a small dog which he uses to assist him with his cattle. The dog, a fearless little creature, had been trained to herd the animals.

Reaching the field where the cattle were grazing, Bristow opened the gate and started to walk across. The dog was at his heels.

Suddenly a bull, seeing Bristow, stopped grazing. With a roar and blazing eyes he charged the startled farmer.

Taken off his guard Bristow did not have time to make his escape before the mad animal attacked him.

At the first attack he managed to sidestep, but the bull wheeled around and made another charge.

This time Bristow was not so fortunate and was knocked down.

He managed to tussle with the animal for a few moments, endeavoring to prevent the beast from goring him. The little dog then sized up the situation and started to attack the bull biting at his heels.

All the time the mad brute was trying to trample the farmer. He emitted vicious roars. The farmer cried for help but no one was in the vicinity. Finally the little dog got such a vicious grip on the hind leg of the bull that the animal turned to beat off the new adversary.

The little dog clung to the leg of the bull, his teeth almost meeting, they were buried so deep.

Bellowing with rage the bull then started to run, the dog still keeping his hold.

During this time, Bristow who was more or less stunned and bleeding by the vicious attack of the animal, managed to get his feet and escape from the field.

The little dog apparently seeing his master was safe, dropped his grip from the leg of the bull and joined his master on the other side of the fence. Neighbors were summoned and the animal captured.

### LATE NEWS FROM THE SHIRETOWN

Happenings of the Week in and Near Dalhousie

With ideal weather, the Picnic of the W. A. is in full swing, this p.m. on the grounds of St. John's Presbyterian Church. Splendid arrangements are being made for the supper, which is to be served in the Basement hall of the Church.

Complaints have been made this week about boys at Upper Charlo, throwing apples at automobiles. The mischief makers take the apples from trees situated in close proximity to the highway, and one person was struck with one of the hard apples.

The party who noticed what was going on instead of putting on speed to get away, stopped the car and with a friend, who was in the car, located the boys hiding under trees, who were given a severe reprimand.

They were told that in the future if they tampered with the travelling public in autos or otherwise, they would be arrested and punished.

It is said that the owners of the property, which our School Trustees have had in view for the building of a new school house, are willing to place the lot at a reasonable figure. In the meantime, a new fence is being placed around the grounds of the present site, and the old building put in shape for the school opening in September.

Mrs. William Currie, Charlo, is in town today.

The town lot on William St., formerly occupied by the Hotel owned by the late John Phillips, Ex. M. P. P., has been sold by Miss Kate Phillips to our big merchant, Mr. Michael Rinzier. The lot is situated on the south side of the St., and nearly opposite Mr. Rinzier's store. It is the intention of the new owner of the site, to build a nice residence thereon.

pointe Minister of Justice presided at the meeting and briefly addressed the delegates.
