NOW is the time to write for full particulars.

Now is the Time To Plan For The Summer

We will not give a summer vacation this year as a number of students from long distances would be inconvenienced thereby.

Then, our summers are so deliciously cool that St. John is a harbor of refuge during the hot season, and study just as pleasant as at any other time. Students can therefore enter at any time.

GERMANS SUFFER GREAT LOSS ON SATURDAY

Paris, Aug. 9.—Only news to-day is the defeat of the Germans by the French at Altkirch, a fortified city in Alsace, near the German-France boundary. It is reported that the Germans lost 30,000 killed and wounded, and the French 15,000.

GERMAN SUBMARINES ATTACK BRITISH FLEET

London, Aug. 10.—The Admiralty has announced that one of the cruisers of the main fleet was attacked yesterday by German submarines. None of British ships were damaged. One German submarine boat was sunk.

REPORTED ENGAGEMENT IN ADRIATIC SEA

London Aug. 9.—A steamer which has arrived at Trieste reports an engagement in the Adriatic sea. One hundred wounded according to this report have been taken to Pola, the great naval port of Austria.

LIEGE HAS BEEN OCCUPIED BY GERMANS

The occupation of Liege by the Germans is confirmed in a despatch received from Brussels early this morning.

BRITISH AND FRENCH TROOPS FROM JUNCTION

A junction of Belgian, British and French troops in Belgium is reported to have been effected and a clash between German and French cavalry south of Namur is said to have taken place.

JAPAN MAY ATTACK GERMANY CHINA STATION

A cablegram from Peking says serious "conversations" are proceeding between the Tokyo and London governments concerning whether Japan will participate in an attack on the German colony of Tsing Tau.

GERMAN TROOPS SHORT OF FOOD AND AMMUNITION

It is reported from Paris that the Germans in Belgium are short of provisions.

GERMANY AND AUSTRIA ARE THREATENING ITALY

Rome, Aug. 9.—Germany and Austria threaten Italy with the declaration that if the latter persists in its stand of neutrality, they will consider themselves free to declare war, and Austria will invade Italy.

GERMAN ADVANCE HAS BEEN STOPPED BY FRENCH

Brussels, Aug. 10.—The following statements have been issued by the General staff: German troops have partly changed since Saturday. The advance guards are retiring under the irrepressible pressure of the French troops who are in considerable force in all the country south of the Meuse, which they are clearing of German troops. The enemy's offensive movement has been completely stopped.

CONGRATULATION TO BELGIAN FORCES FROM CZAR OF RUSSIA

The Russian emperor has telegraphed to King Albert his congratulations and best wishes for the continued success of the Belgian arms.

SURRENDER OF SEVEN GERMAN REGIMENTS.

A Brussels despatch which was considered authoritative states that seven German regiments have surrendered to the Belgians. This is thought to be part of the German Army Corps which was investing Liege.

ENGLAND IS NOW CALMLY CONFIDENT.

That the government in the home land has the full confidence of the people is shown in a dispatch today which states that "England is calm and confident". The strain in commercial operations has now eased off and the Bank of England rate has been reduced from 6 to 3 per cent, which will do much to restore confidence in the financial institutions.

BELGIAN FORCES GUARD APPROACHES TO BRUSSELS

Diplomatic relations between France and Austria have been broken and the Ambassadors have left the capitals. The French are advancing in Alsace, but against what opposition is not known. The Germans occupy the city of Liege, while the Belgian troops hold the forts. The Belgian official view is that the situation is quite satisfactory. Strong forces guard all the approaches to Brussels. The Austrians before Serbia are still bombarding Belgrade, while part of the Serbian army is taking the offensive in Bosnia.

ENGLISH TROOPS ON FRENCH SOIL.

A Paris despatch which is not confirmed, states that English troops are disembarking on French soil. This report can not be authenticated owing to the strict censorship imposed on the English press.

OWES HER LIFE TO "FRUIT-A-TIVES"
Cured Both Stomach Trouble and Headaches

PALMERSTON, ONT., JUNE 20th, 1913.

"I really believe that I owe my life to 'Fruit-a-tives'. Ever since childhood, I have been under the care of physicians and have been paying doctor's bills. I was so sick and worn out that people on the street often asked me if I thought I could get along without help. The same old Stomach Trouble and distressing Headaches nearly drove me wild. Sometime ago, I got a box of 'Fruit-a-tives' and the first box did me good. My husband was delighted and advised a continuation of their use.

Today, I am feeling fine, and a physician meeting me on the street, noticed my improved appearance and asked the reason. I replied, 'I am taking Fruit-a-tives'. He said, 'Well, if Fruit-a-tives are making you look so well, go ahead and take them. They are doing more for you than I can'.

—Mrs. H. S. WILLIAMS.

'Fruit-a-tives' are sold by all dealers at 50c. a box. 6 for \$2.50, trial size 25c. or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

ITALY MAY BREAK WITH AUSTRIA

London, Aug. 11.—Relations between Austria and Italy are strained.

NO GREAT BATTLE HAS YET BEEN FOUGHT

No great battle has yet been fought on land or sea unless the German assault on the forts at Liege eventually assumes the proportion of a battle in history. Both combatants claim the victory there with the Belgians still holding the forts and the Germans occupying the city. The situation is an unique one. There is no confirmation of the report that the French have engaged the Germans and cut off their retreat.

WHOLESALE SLAUGHTER OF BELGIAN CIVILIANS

Dark reports come in of the wholesale slaughter of defenceless civilians in Belgian villages, and of the execution of prominent residents in a French town. Paris is inflamed over the sworn statement of a youth, relating the murder by German soldiers of several French non-combatants, several days before the Declaration of the war. In the far east the smouldering ashes left from the Balkan war are springing into flames again and Montenegro has already seized Scutari in Albania and entered Austrian territory. Turkey and possibly Bulgaria may come to aid of Germany and Austria and the battlefields of two recent wars still reeking with the blood of thousands may again be drenched. All Germans and Austrians in Belgium must declare themselves within twenty four hours, or they will be arrested as spies.

THE NORTH SEA IS CLOSED TO FISHING FLEET

The North sea is again closed to the fishing fleets, which is regarded as significant, in view of the fact that there are large British and German fleets in that water. The German cruiser Karlaruke, which arrived at San Juan, Porto Rico, reported an engagement Friday night off the Bahamas with four British and French cruisers. Already there is evidence that the war will be prosecuted with the bitterest feeling, and on the part of the Germans, at least with great brutality.

PORT DANIEL

A dance was held in the Model School on Tuesday and a very enjoyable evening is reported.

A great many young people attended the regatta in Gaspé Basin on Thursday.

Mrs. Barbour of Montreal is a guest of Miss Edith Lawrence.

The Bishop of Quebec, assisted by Rev. A. H. Dunn and Rev. A. T. Love, held a special confirmation service in the Anglican Church on Wednesday evening.

Miss Isabel Elliott and Mr. Garard have returned to Montreal after a short, though pleasant stay in Port Daniel.

His many friends congratulate Mr. Weston Chisholm on having won the "Graphic" car.

A bonfire was held at the Point, Saturday evening in honour of Rev. A. T. Love's birthday. Patriotic songs were sung, the fire lighting up the entire beach. After refreshments had been served, Mr. A. L. Kennedy in a neat speech wished Mr. Love the best possible fortune in the future. Games were played after which the crowd dispersed. The promoters wish to express their appreciation of the assistance rendered by Mr. and Mrs. W. G. Elliott.

Mr. Pugsley of Chandler occupied the pulpit in the Presbyterian Church on Sunday. He also preached in the afternoon in Shigavake. As it was a beautiful afternoon for driving, a large number of Port Daniel people attended the afternoon service. Mr. Pugsley is an energetic and forceful speaker, and will assuredly attain distinction in the profession he has chosen.

We are informed that some of our citizens contemplate going to the war. Some irresponsible person started a rumor last week that the local bank was on the verge of failure. Consequently a few were led to withdraw part of their deposit.

"Were all medicines as meritorious as Chamberlain's Colic, Cholera and Diarrhoea Remedy the world would be much better off and the percentage of suffering greatly decreased," writes Lindsay Scott, of Temple, Ind. For sale by all dealers.

GRAND RIVER

Since my last letter, many of our visitors have left for their homes or to resume their several duties.

Rev. Father Larivie, former parish priest of this place, after spending a few weeks in our midst, has returned to Quebec where he now resides.

Miss St. Maurice, Misses B. Sirois and I. Carbery have returned to Montreal where they will resume their duties as stenographers. Their many friends feel very lonely since their departure.

Mrs. X. Kennedy of Douglstown, with her son and daughter were visiting friends in this place, and after a short visit here, and of course going for a drive to Chandler, they left on Wednesday's train for home.

Mrs. P. T. Ahern of Ottawa, made a short visit here. The family are now at Cape Cove and will leave for their home on Friday, the seventh.

The weather is very fine and the fishing good. Several buyers are around here buying fish and giving a good price.

Mr. James Walsh was buying fish for the Gloucester Fisheries Company. We understand that he is now buying for the Booth Fisheries Co. of Chicago, Ill. Mr. J. M. Kincaid of this company is with him.

Mr. Richard, C. E., is making a survey of the harbor here, especially of the mouth of the river, to try and improve the entrance, as it was dangerous for the fishing boats coming. There are also extensive repairs being made at the wharf.
