CURES FOR THE UNCURED

Holloway's Ointment.

AN EXTRAORDINARY CURE
OF SCROFULA OR KING'S EVIL.
Extract of a Letter from Mr. J. H. Alliday, 209,
High Street, Cheltenham dated the
22nd of January, 1850.

To Professor Holloway.
SIR.—My eldest son, when about three
years of age, was affected with a Glandular
swelling in the neck, which after a short time
broke out into an Ulcer. An eminent medical
man pronounced it as a very bad case of Scro-
fula, and prescribed for a considerable time
without effect. The disease then for four
years went on gradually increasing in vio-
lence, when besides the ulcer in the neck, and
other formed below the left knee, and a third
under the eye, besides seven others on the
left arm with a tumour between the eye,
which was expected to break. During the
whole of the time my suffering boy had received
the constant advice of the most celebrated
medical Gentlemen at Cheltenham, besides
being for several months at the General Hos-
pital, where one of the surgeons said "that he
would amputate the left arm, but that the
boy was so impure, that if that limb were
taken off it would be then even impossible to
subdue the disease. In this desperate state I
determined to give your Pills and Ointment
a trial, and after two months perseverance in
their use, the tumor gradually began to
disappear, and the discharge from all the ul-
cers perceptibly decreased, and at the expira-
tion of eight months they were perfectly healed
and the boy thoroughly restored to the bless-
ings of health, to the astonishment of a large
circle of acquaintances, who could testify to
the truth of this miraculous cure. Three
years have now elapsed without any recur-
rence of the malady, and this boy is now as
healthy as heart can wish. Under these cir-
cumstances I consider that I should be truly
grateful were I not to make you acquainted
with this wonderful cure effected by your
medicines after every other means had failed.
(Signed) J. H. ALLIDAY.
CURE OF ACUTE RHEUMATISM OF FOUR
YEARS STANDING.
Extract of a Letter from Mr. John Pitt, Dudley,
12th Oct. 1850.

To Professor Holloway.
SIR.—It is with the greatest pleasure that
I write to thank you for the benefit I have
received from your Pills and Ointment, which
have completely cured me of the Rheumatism,
under which I suffered for this last four years
at times I was so bad as hardly to be able to
walk. I had not received any relief from any
other medicine without receiving any bene-
fit. I at last thought I would give your med-
icines a trial, and purchased from Mr. Hollin,
Chemist, of this Town, two Boxes of Pills,
and two of Ointment, and in three weeks,
through the aid of the Blessing of God, I was
restored to health and am now as well able to
walk as ever I was in my life. I am well con-
vinced in this parish, having been sixty-five years
in it, with an exception of ten years I served
in the 24th Regiment of Foot.
(Signed) JOHN PITT.
CURE OF A BAD LEG OF SIXTY
YEARS STANDING.
Mr. Barker, of No. 5, Graham Place, Drypool
near Hull, had ulcers on his leg from the age of
eighteen until upwards of eighty, and although
for many years he had sought the first advice,
in the country, nothing was found to cure them.—
He very often suffered most excruciating pain for
long periods together, which incapacitated him
from attending to his business. He had given up
all aspect of getting a cure, when at last he was
persuaded to try Holloway's Pills and Ointment,
which he did, and however confidently he may ap-
pear, the leg was thoroughly healed by their
means, and by continuing to use the Pills alone
after his leg was well, he has become in health
so hale and hearty as now to be more active than
most men of fifty.
N.B.—The truth of this extraordinary state-
ment can be vouched for by Mr. J. C. Reinhardt,
22 Market Place Hall, February 20th, 1850.
CURE OF A DESPERATE CASE OF RING-
WORK OF SIX YEARS STANDING.
Lima, 12th of November, 1849.
One of the most eminent Surgeons in Lima (the
Capital of Peru) had a child covered with Ring-
worm for more than 6 years, in vain he exhausted
all his art in his endeavours to effect a cure. Not
succeeding he consulted among his brethren, the
most celebrated medical practitioners of the City,
but nothing was found to do the child service.—
When he was persuaded by Mr. Joseph P. Hague
the English Chemist and Druggist, residing at No.
74, Calle de Palacio, to try Holloway's Pills and
Ointment, which was done, and after using six
large Pots of the Ointment, with a proportion of
the Pills, the child was radically cured, to the
surprise of the whole medical profession. The
name of the parent, from motives of delicacy, is
withheld.
The Pills should be used conjointly with the
Ointment in most of the following cases:—
Bad Legs, Bad Breasts, Burns, Bunions,
Bite of Insects, and Scurf, Pimples, Flatu-
lency, Gout, Glandular Swellings, Lumbago,
Piles, Rheumatism, Scalds, Sore nipples,
Chloricaria, Catarrhs, Chapped hands,

GREAT AGRICULTURAL WORK!

THE FARMER'S GUIDE TO
Scientific and Practical Agriculture,
By HENRY STEPHENS, F.R.S.E.,
Author of the "Book of the Farm," Editor
of the "Quarterly Journal of Agriculture,"
&c., &c.
Assisted by
JOHN P. NORTON, A. M.,
Professor of Scientific Agriculture in Yale
College, New Haven, Author of Agricultural
Prize Essays, &c., &c.

This highly valuable work will comprise two
large royal octavo volumes, containing over
1400 pages, 18 or 20 splendid steel engra-
vings, and more than 600 engravings on
wood, in the highest style of the art, illustra-
ting almost every implement of husbandry
now in use by the best farmers, the best meth-
ods of ploughing, planting, haying, harvest-
ing, &c., &c., the various domestic animals
in their highest perfection; in short, the pic-
torial feature of the book is unique, and will
render it of incalculable value to the student
of agriculture.

This great work is the joint production of
two of the most talented agricultural scholars
of the day: the one eminent as an author and
editor in Great Britain, and the other as a
Professor in Yale College. Both are emi-
nently practical as well as scientific men,
and all they say may be relied on as the result
of profound research, tested and sustained by
practical experiment. The contributions of
Professor Norton are chiefly designed to adapt
the British portion of the book to this country,
and thus to make it an Anglo American work,
giving to its readers all the really useful agri-
cultural knowledge at present attainable in
either country.

The work is divided into four departments,
distinguished by the four seasons of the year,
commencing with Winter, and Prof. Nor-
ton's notes will be published as an appendix
to each part. The first chapter treats of the
following subjects, under the head of
PRELIMINARY.

On the best of the existing Methods for ac-
quiring a thorough knowledge of Practical
Husbandry.

On the Difficulties to be encountered in
learning Practical Husbandry, and on the
Means of overcoming them.

On the Different kinds of Farming.

On the Persons required to Conduct and
Execute the Labor of the Farm.

On the Branches of Science most applica-
ble to Agriculture.

On the Institutions of Education best
suited to Agricultural Science.

On the evils attending the neglect of
Landowners and others to learn practical
Agriculture.

On observing the details and recording the
facts of Farming by the Agricultural Student,
Terms of the Work.—The American edi-
tion, the first number of which is already is-
sued, will be published in semi-monthlies of
61 pages with an English steel engraving in
each number, of which there will be about
22 in all. PRICE, 25 CENTS PER NUMBER.
