GRANVILLE CENTRE

(By an occasional correspondent)

Mr. Roy Gilliat spent the week-end with friends in Clarence.

Mrs. Clarence Eaton, with little son Grant, has returned from a week's visit at Tupperville.

Miss Eunice, of Annapolis, was a guest last week at the home of Mr. and Mrs. D. Gilliat.

Mrs. Ralph Chisholm, of Granville Ferry, was a Sunday visitor at the home of Mr. and Mrs. J. Calnek.

Mrs. Wetmore and little daughter of Yarmouth, are visiting at the home of her parents, Mr. and Mrs. W. W. Troop.

Postmaster and Mrs. F. R. Troop Miss Susie and Master Ivan motored to Middleton on Sunday, and spent the day in that prosperous little town.

Mr. V. Clarke, of Karadale, with his mother, Mrs. James, was in the village on Sunday, bringing with him his two little girls to remain for a time with their aunt, Mrs. J. Calnek.

Miss Hortense Griffin, after closing school on Friday, returned to her home in Bridgetown. General Regier expressed that "our little girl teacher," as she is affectionately called, having decided to teach in her hometown, will not resume charge of our school on the holidays.

On Saturday evening, while Mr. Rollin Troop was exercising his fine young horse, it became frightened at a white horse which Mr. H. V. McCormick was bringing from Clements port, and throwing Mr. Troop from his carriage got quite a distance before it could be escaped. Fortunately Mr. Troop escaped serious injury.

Granville readers of our highly valued MONITOR very much appreciate the "Digby Notes" now added to its town and village list. We congratulate the MONITOR most heartily upon good fortune in having as its publisher so able a manager as Editor Dunham, to whose ability is due the great success of his other paper, the Digby Courier.

The people of Annapolis may like to know that the fine specimen of wild deer, whose antics in their town on June 22nd, were so graphically described by the Spectator, was on his way to Granville Centre, where his wife, a very handsome doe, had arrived a few hours before. Not being so bold as her noble husband, she only honored one place with her presence. Mr. D. Gilliat was standing in his wood yard when she came quite near and after carefully inspecting the new bait being given the house, bounded swiftly away disappearing in the pasture of J. and G. McCormick.

PORT LORNE

July 3rd.

Mr. Frank Hall, of Lynn, is visiting his mother, Mrs. Linnie Hall.

Miss Jerminal Beardsley is home from school in Bridgetown.

Miss Vera Graves is home after a year's school life in Halifax.

Mr. Allen Schofield, of St. John, is visiting his mother, Mrs. Albert Wilkins.

Mr. and Mrs. John Beeby, of East Orange, N. J., are guests at the Bay View House.

Mr. Hughie Seaban, of Keene, N. H., is visiting his parents, Mr. and Mrs. Isaac Seaban.

Miss Louise Foster, of Fairfield, N. B., is visiting her parents Mr. and Mrs. Patterson Foster.

A surprise party was given Miss Gladys Strong by forty of her friends on Saturday night.

Miss Lizzie Seaban has returned home after a week in Bridgetown, taking the exams.

Rev. R. B. Kinley held preaching service Sunday afternoon. Miss Gladys Strong pleased her friends by singing a solo during the service.

Mr. Nichols and son, of Kentville, spent two days getting their summer home ready for their wife and family, who will arrive some time this week.

The annual school meeting took place last Monday evening. Mr. Will Grant was elected trustee in the place of Mr. Edgar Grant, retiring. The appropriation necessary for the coming year was voted on and carried.

The monthly Red Cross bundle was sent to Halifax on the 2nd of July. It contained 12 pajama suits, and 16 pairs of socks. Anyone wishing to do their "bit" in this work, financially or otherwise, should apply to Fundy Lodge.

HAMPTON

July 3rd.

Mr. Reginald Marshall, of Clarence was the guest over Sunday of his friend Mark Chute.

Messrs. Wile Poole and Clyde Gillis of Granville, spent Sunday at the home of Mr. J. F. Titus.

Miss Annie McGarvie came home on Wednesday of last week, after being away nearly a year.

Our progressive merchant, L. D. Brooks, has installed in his store the McCaskey account register.

The Messrs. Ruby, Adriel and Ethel Farnsworth, who have been in Boston for the past ten months, arrived home on Wednesday last.

Mr. W. K. Crisp gave a musical entertainment at his home on Wednesday evening last, which was enjoyed by a large number of young people.

After a year of successful teaching our teacher, Stephen F. Hall, closed his school on Friday last. Actual Chute, for progress in her studies, received from her teacher a very nice book, and for attending school the most number of days, a pound box of chocolates, given as a prize by Mr. W. H. O'Neal.

SPRINGFIELD

UNITED FRUIT COMPANIES' PRESIDENTS' ADDRESS

Delivered at Kentville, Nova Scotia, at the Fifth Annual Meeting in June, 1917.

In bidding you welcome to this our fifth annual meeting of the United Fruit Companies, of Nova Scotia Limited, I want to call your attention to the present status of agriculture in Nova Scotia.

The great world war is still in progress and is resolving itself into a world contest of Democracy as against autocracy which has always lent itself so readily to the military spirit. Since last June the United States of America has been drawn into this military whirlwind which several nations are likely to follow in the near future. The end of this contest though not yet even in sight, appears to us to have but one ending. No matter how great the cost, and how terrible the sacrifice, Democracy must win, and the freedom and liberty of all peoples must be secured ere the sword is returned to its scabbard, or the deadly bullets cease to fly.

But while this colossal struggle is going on what is the world condition in regard to agriculture? Thousands and thousands of farm workers have been withdrawn from production, crop shortages resulting from weather and other conditions, the great loss of food products from submarine attacks, all these combined have now resulted in a food shortage throughout the world, and our present season with its unprecedented wet seed time and a tendency to add to the already serious situation.

We therefore see agriculture, the production of food products now raised to a status perhaps not since the primeval days of the Garden of Eden. It is pre-eminently the occupation and almost over-looks the soldier and munition worker even in military accomplishment. Already the unprecedented prices of potatoes, beans and all meat products have shown us the tendency of the times. Not only happy financially will the farmer be who has full crops to dispose of next fall, but he will also be long most to serve his own country and the wants of all mankind.

Even in fruit growing, an industry which will result from present conditions. Before the war, fruit growing promised so much remuneration that the raising of crops and the keeping of live stock was rather looked upon as a hobby. Justified individuals, instead of a part of the industry, may be not only in religion, and in the formation of character, but in our occupation of fruit growing, this war will teach us many important lessons. The reports of the annual, will give us a fairly good review of the past season's operations of disposing and marketing our crops of apples and potatoes. I would like to see this meeting of shareholders, coming as it does but once a year, but I trust that the members of our subsidiary Companies. It would be manifestly unjust in practice to give each member a vote at such times, for one could easily see that the large or large membership Companies, would easily out-vote and control the business. But the information and inspiration and enthusiasm of all members at these meetings would go so far to dissipate false impressions, to make better acquaintance and to create a brotherhood feeling through the members as I believe would be productive of such good results.

During our past season, it might not be amiss in this address to emphasize some of the lessons gained from last season's operations. Perhaps most important of these is that better knowledge of our coming crop must be obtained and good marketing plans must be made. We must see how important it is to know whether you have only 20,000 or whether you have 100,000 bbls. Gravenstein to dispose of. Our usual markets must be seen so as to avoid congestion, and if these are not thought sufficient, efforts must be made in time to open up new markets. It is not only our ignorance of our Gravenstein crop, but it is also our ignorance that several large growers in different Companies, held out their crop until they could not obtain what they thought a remunerative price, and then at the time the Gravensteins were dumped in the market at a price which in some cases subsidiary Companies welcomed these late additions as giving a larger crop for meeting overhead expenses, but with the Central management usually serves to bring down the general price of the market. Are The Four Fruits Used In Making "Fruit-a-tives"

"FRUIT-A-TIVES" is the only medicine in the world that is made from the juices of fresh ripe fruits. Thus, it is manifestly unfair to say, "I won't take Fruit-a-tives because I have tried other remedies and they did me no good!" On the other hand, the fact that "Fruit-a-tives" is entirely different from any other preparation in the world, is just why you should give it a fair trial, in any trouble of the Stomach, Liver, Bowels, Kidneys or Skin. "Fruit-a-tives" is composed of the active principle of fruit and the greatest nerve tonic ever discovered. 50c. a box, for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

Will Women Volunteer?

THEY MAY SERVE, IF THEY WISH, IN THE LAST LINE OF TRENCHES—THE TILLED FIELDS.

Thousands of men who used to do the farm work in Nova Scotia are now fighting overseas. Their places must be filled. Yet the required number of men is not forthcoming. There are more jobs than there are men available.

THEFORE WOMEN ARE ASKED TO VOLUNTEER FOR THIS WORK

We want the names and addresses of all women of this Province who are able to engage in a healthful open-air occupation. Applicants should state the date they can begin work and the length of time they can spend on the farm. Wages according to ability will be paid. We believe that the women of Nova Scotia will respond to the call of the land as promptly and as efficiently as did their sisters in the countries of our allies.

Apply at once either to F. W. HARRIS, ANNOPOLEIS ROYAL; R. E. THURBER, BRIDGETOWN; W. E. READ, BEAR RIVER; C. N. ROOP, MIDDLETON; SECRETARIES FARM LABOR EXCHANGE, or to the SECRETARY OF INDUSTRIES AND IMMIGRATION, HALIFAX.

THRIFT IN FOREST FIRES

Last year 265 Canadian men, women and children perished because of forest fires.

About six million dollars worth of property, disappeared from the same cause.

The easiest and best-paying Thrift

campaign for 1917 is to keep the next five months clear of such needless sacrifices.

The neglected camp fire, the tossed-away match and cigarette, the burning of settlers' "stubs" have heaped up our national account for wasted life and property.

This is the Programme

If you are a settler—Guard well your clearing fires.

If a hunter, fisherman, camper, prospector—Put that Camp Fire out before you leave it. Put it DEAD.

Put a couple of extra pails of water, or shovels of earth.

Never build a fire except in rocks, or gravel, or other safe spot.

Keep your fire small. It cools better and is safer.

Please do not throw away lighted tobacco or matches. It is the trick of the amateur. No veteran, no good citizen, fools with fire.

All the big Conflagrations have started with a wisp of flame. Your lighted match, your cigarette, your camp fire are exactly what is needed to ignite the fuse.
