

Special Notices.

Neglect of the hair often destroys its vitality and natural hue, and causes it to fall out. Before it is too late, apply Hall's Hair Renewer, a sure remedy.

The John Abell Eng. & Mach. Works Co. (Ltd)
Toronto, Ont.

The Abell Co., Ltd, manufacture the Davis Cream Separator which it is claimed is the simplest Separator on the market.

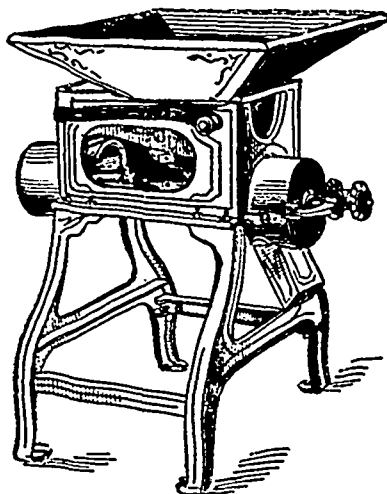

It has many improvements over the old-style machines, doing away entirely with the skim milk tubes and pans or discs on the inside of the bowl and reducing the amount of work in keeping them clean to the minimum.

A nicely gotten up catalogue will be sent free for the asking to any one interested in dairying. The Abell Co. also manufacture the "Duplex" Feed mill which grinds oats, corn and corn on the cob.

They manufacture Boilers, Automatic engines, Stationary Engines, Compound Portable Engines, Compound Tractor Engines, Portable and Tractor Engines, Steam and Horse Power Separators, Sweep Powers, Tread Powers, Manure Spreaders, Saw Mill and Roller Mill Machinery and Electrical Machinery, and have a high reputation for turning out first class manufactures.

Malarial disorders as often attack residents of large cities as of the country. Ayer's Ague Cure is warranted a safe and certain specific.

Feed Grinder

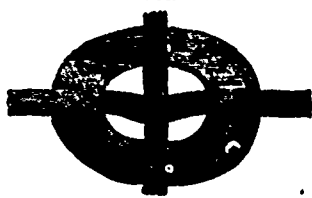

It will grind into fine moulée 8 to 10 bushels of pease and oats per hour when driven by one of our 2 Horse Tread Powers or more when driven by larger Power.

The Wilkinson Plough Co. Ltd.

TORONTO.

Manufacture all kinds of

Walking & Sulky PLOUGHS

(22 Different Varieties.)

Our ROOIER, RAILROAD and PICK PLOUGHS are the favorites with Railroad Contractors and Municipalities.

We would draw special attention to our STEEL HEADED GANG PLOUGH. It stands high out of the ground, and does not gather stubble. No more broken Heads.

Our Improved DRAG and WHEEL SCRAPERS have been in the lead for years, they are better built, hold more and last longer than any other make. We manufacture all kinds of WHEELBARROWS, Garden, Railroad, Boys, Stone, etc. etc. Our STEEL TRAY CON-TRACTORS' BARROW is without a rival. The Canadian Post-hole Digger. The Woodard Patent Subsoil Attachment, will fit any Wilkinson plough. Our Guage and Furrow Wheel Attachment will fit any Plough. A boy can plough as well as a man with this attachment. We have Points made extra dip for hard ground. All our castings have our name and address in all on them. Beware of imitations. Write for Catalogue

The Canadienne

The Canadienne

New designs from our 1895 Model WHO PROVE THE BEST. We don't look to build a cheap Hay Press, BUT THE BEST FOR THE LEAST MONEY.

We want to furnish to all a machine well built and with good material and workmanship.

... WE LEAD, OTHERS FOLLOW. ...

Catalogue, Prices and Terms given on application. We always carry a stock of One and Two Horse Thresher, Vibrators, overshot and undershot style. See what we could give for your money before placing your order.

J. B. DORE & SON, Manufacturers, Laprairie, Que.

Steel Hay Press

This is a cut of our New Hay Press when being worked in a barn where the ground is lower outside than the barn floor. The full circle fatigues the horses less than the half circle. See our local agent.
