### Cheap Sets

An economical and very satisfactory way to increase your collection is to buy stamps in sets. Sets look well in an album, and increase the value of a collection.

The following list of remarkably cheap sets has been very carefully prepared. Not only are all the stamps in each set different, but every stamp is different from every other stamp in the whole series, and those who purchase the whole list will not have a duplicate.

All stamps contained in these sets are warranted to be genuine originals and in fine condition. Sets marked \* contain unused stamps. Orders under 25 cents respectfully declined. Order by number. *Postage extra.* Prices subject to change without notice.
