## Scientific and Useful.

**GRAHAM MUFFINS.**—Two cups sour milk, three cups graham meal, one cup flour, one-half cup molasses, one teaspoon soda, one egg.

In making a pudding where milk is used, place the milk on the fire to heat while mixing the other ingredients, and it will bake in less time.

REMEMBER to plunge your pot roast into boiling water. If it is put into cold water the juices of the meat will be extracted and you will have soup stock and tasteless beef.

**A CURE FOR DRUNKENNESS.**—Opium, morphine, chloral, tobacco and kindred habits. The medicine may be given in tea or coffee without the knowledge of the person taking it, if so desired. Send 6c in stamps for book and testimonials from those who have been cured. Address M. V. Lubon, 47 Wellington Street East, Toronto, Ont.

**CORN STARCH CAKE.**—One-half cup butter, one cup sugar, whites of four eggs, one-half cup of milk, one cup flour, one-half cup corn starch. Flavour with almond, or to taste.

WHERE painters have spilled oil paint upon panes of glass, rub the face of a penny upon the spots and they will come off without any trouble, and the glass will not be scratched.

**A SEVERE TRIAL.**—"I tried all the doctors in this locality for liver and kidney troubles (which I had for years) with no benefit. Four bottles of Burdock Blood Bitters cured me," says Lemuel A. Hais, Lisle, Ont.

MAKE it a rule to see that every week one closet has fresh paper on its shelves, and is put into "apple pie" order, and you will never see the time that a general overturning is necessary to find where something that has not been used for a time, has disappeared to.

**VEGETABLE SOUP.**—Two pounds lean beef with bone (not cracked), three quarts water, adding more as it boils away; one teaspoonful salt; when the meat is cooked tender take it, with the bone, out, and add to stock one small carrot, one small turnip and six medium-sized potatoes, chopped fine. Save the meat for mince pies. We can heartily recommend this soup as the best of its kind.

## DEVICES OF ADVERTISERS.

So many devices are resorted to by advertisers, that the ordinary reader sometimes become shy of the tempting paragraph, fearing the advice that is concealed in it like a pill in jelly. Who, for instance, on beginning this item, would have supposed that its purpose was to make known the truth that Dr. Sage's Catarrh Remedy is what it claims to be—a cure for a disease at once loathsome to friends, and annoying and even dangerous to the sufferer?

**BAKED MACCARONI.**—Take one half package macaroni and boil it until tender (usually twenty minutes), in salted water. Put it in an earthen baking dish, first a layer of macaroni, then of grated cheese, letting the last layer be of the cheese. Add bits of butter, more salt if necessary, and turn milk over all. Bake until crisp on top, which will in a hot oven be about half an hour. This may be varied by using, instead of cheese, onions or tomatoes, and it is exceedingly nice with celery salt as the flavour.

THE PAIN-KILLER is an almost certain cure for CHOLERA, and has, without doubt, been more successful, in curing this terrible disease than any other known remedy, or even the most Eminent and Skillful Physicians. In India, Africa and China, where this dreadful disease is ever more or less prevalent, the PAIN-KILLER is considered by the natives, as well as by the European residents in those climates, A SURE REMEDY.

"CONCHING" is a very effective form of needlework, and the title may be applied to all forms of embroidery in which threads of crewel, silk or gold are laid on the surface to be ornamented and stitched on it by threads coming from the back of the material. Conching outlines now a days are usually thick strands of double crewel, flosselle, silk cord, or gold thread, used to finish the edges of appliques, or in gold outline work. These strands, cords or threads are caught down at regular intervals either by silks or fine gold thread.

**Scott's Emulsion of Pure COD LIVER OIL, WITH HYPOPHOSPHITES,** Is prescribed by the Medical Profession because it is not a secret remedy, but a scientifically prepared preparation of two most valuable specifics, that they find of unequalled value for their Consumptive and Emaciated patients. Take no other.

## "MYSTERIOUS PEOPLE."

Celestial Children of the pig-tailed race! Scorned by us Easterns, who are yet obliged to face and bow before thy Ingression! What do we owe thee? Nothing more or less than thy anti-Christian idea that gave to Caxton his Printing Press, who multiplied the Bible, that superstition killed and gave freedom to ourselves—and now to-day on Yonge Street loads with Books our groaning shelves. We owe this debt as well thy Hindoo brother for those fragrant, pungent leaves, that give light, health and pleasure to all who use the Li-Quor Teas. All grades from 50c. to 80c. a pound. A handsome volume, your own choice, from our catalogue, with every 3 pounds. GEO. MANN & Co., Sole Wholesale Agents, 295 Yonge St., Toronto.

## CONSUMPTION,

which is Scrofulous Disease of the Lungs, is promptly and certainly arrested and cured by this God-given remedy, if taken before the last stages of the disease are reached. From its wonderful power over this terribly fatal disease, when first offering this now celebrated remedy to the public, Dr. Pierce thought seriously of calling it his "Consumption Cure," but abandoned that name as too limited for a medicine which, from its wonderful combination of tonic, or strengthening, alterative, or blood-cleansing, anti-bilious, pectoral, and nutritive properties, is unequalled, not only as a remedy for consumption of the lungs, but for all
