

in to see her. He attended her for some time, but with poor results, and finally acknowledged that the case was one which he could do very little for. My sister had by this time become a pitiable object; the slightest noise would disturb her, and the slightest exertion would almost make her insane. It required some one to be with her at all times, and often after a fit of extreme nervousness she would become unconscious and remain in that state for hours. When I went home I had to take my boots off at the door-step so as not to disturb her. When the doctor told me he could do nothing for her, I consulted with my wife, who had great faith in Dr. Williams' Pink Pills, as she knew of several cases where they had worked wonderful cures, and I concluded it would be no harm to try them anyway, and mentioned the fact to the doctor. The doctor did not oppose their use, but said he thought they might do her good, as they were certainly a good medicine. In September of last year she began to use the Pills, and before two boxes had been used, she began to show signs of improvement. She has continued their use since and is to-day a living testimony of the curative power of Dr. Williams' Pink Pills." Mr. Minshull has no hesitation in sounding the praises of a remedy that has worked such a change in the health of his sister and cheerfully gave the *Nurses* the above particulars, and when asked to do so most willingly signed the following declaration:—

SMITH'S FALLS, Sept. 11th, 1897.

I hereby make declaration that the statements in above as to the condition of my sister, and the benefit she received from the use of Dr. Williams' Pink Pills are absolutely correct.

THOS. MINSHULL.
