

give all the care and attention they can reasonably expect. We hope that the effect of our contemplated Church organization will be a more united and efficient patronage of those Educational Institutions for youth of both sexes which are in direct connection with the Church to which we belong.

We understand that the Lord Bishop (D. V.) will hold an Ordination at Sackville Church, on Sunday morning next.

KING'S COLLEGE ENDOWMENT.—It is particularly requested that all sums subscribed to this fund, not already paid or secured, should either be remitted with the utmost possible despatch, or notes of hand be given for the same, and transmitted to the Agent at Halifax.

The Clergy in the respective Parishes will confer a favour by thus aiding in winding up the collections, as soon as they see this—and all who have not contributed are reminded that the requisite amount has not yet been raised, altho' the Governors have incurred heavy responsibilities on the faith of it.

We would have been very happy to have given the substance of the Addresses at the late Convention, especially those of the laity, which were generally excellent, but we had no reporter there, and the speakers did not furnish us with any notes. Messrs. Hocken, Rowley, Fenerty, and others, attracted much attention, and are fair specimens of the ability which the laymen of the country Parishes will bring to bear upon the future councils of the Church. With such shrewd and watchful minds at hand, there need be no apprehension of encroachment upon our privileges, whether we are of the lay or clerical order.

Colonel Freeman Murary, late of the 72nd Highlanders, stationed in this Garrison, arrived at Bermuda, Tuesday, Oct. 3, and took the oath of office as Governor and Commander-in-Chief in and over the Bermudas, on the same day.

We call attention to the interesting communication of a "Christian Traveller," in reference to the Eastern Shore, and shall be glad to hear from him again. There is we believe no portion of this Diocese, where the self-denying labours of our Missionaries have been more blessed, than in that region, which a few years since was steeped in ignorance and sin. We hope our correspondent's notice of it may stir up the members of our Church to larger contributions to our Societies, so as to increase the number of labourers.

Holloway's Pills.—For the Cure of Sick Headache, Bile, and Weak and Disordered Stomachs. These wonderful Pills have been the means of restoring to health many persons pronounced incurable by the doctors in all parts of the world. They may be taken with perfect safety, and a certainty of effecting a cure, by persons suffering from general debility, sick headache, disease of the stomach, liver or liver complaints, and those who are predisposed to dropsy, cannot use a more effectual remedy than Holloway's Pills, for acting as they do upon the main spring of life disease cannot easily resist their influence. Their effect is mild, yet speedy, and as a family medicine they are unequalled.
