Holloway's Pills.—In chronic dyspepsia, where the stomach has become callous to all ordinary remedies, and stimulants fail either to provoke appetite or facilitate digestion, these Pills, by their simultaneous action upon the fluids which dissolve, assimilate and adapt to the purposes of nutrition the food taken into the system, will quickly impart a healthy tone to the whole physical machinery. Indigestion, and all its concomitants and consequences, including general debility, liver complaint, nausea, pain between the shoulders, headache, low spirits, a feeling after meals, sleeplessness, languor, flatulence, bowel complaint, &c., are among the ailments invariably cured by a course of this inestimable remedy.
