of each section, and thus measurably defeat the object of the whole system—the education of every child in the Province. The Superintendent of Education, therefore, calls the atten-tion of Teachers and Trustees to the following

4. Each inspector is instructed to report every case of illegal stipulation on the part of teachers, in reference to the County Fund.

V. To Trustees of Public Schools.

1. "A relation being established between the trustees and the teacher, it becomes the duty of the former, on behalf of the people, to see that the self-irrs are making sure progress, that there is like in the school both intellectua. and moral,—in short, that the great ends sought by the education of the young are being realized in the section over which they preside. All may not be able to form a nice judgment upon its intellectual aspect, but none can fail to estimate correctly its social and moral tone. While the law does not sanction the reaching in our public schools of the peculiar views which characterize the different denominations of Christians, it does instruct the teacher "to inculcate / precept and examples respect for religion and the principles of Christian iorality." To the Trustees the people must look to see their desires in this espect, so far as is consonant with the spirit of the law, carried into effect by ne teacher."—"Comments and Regulations" of Council of Public Instruction, p. st. reg. 5.
