Q Write us for samples that you may compare our salves with what we say about them.

We claim:

Q 1st, perfect incorporation of each ingredient in its vehicle ;

Q 2nd, the only Aseptic method of putting up Eye Salves ;

Q 3rd, they make possible a perfect method of application.

Q 4th, that we manufacture the only painless yellow oxide of mercury on the market ;

Q 5th, we have complied with all medical ethics, and each formula is in the hands of the oculist complete and that no goods will ever be sold to the laity.
