BRITISH MEDICAL ASSOCIATION.

MONTREAL MEETING, 1897.

Since our last notice of what is being done in regard to the approaching Meeting, considerable progress had been made towards the completion of the arrangements, more especially in the work of the Excursion, Printing & Publishing, Museum, and Local Entertainment Sub-Committees. The Preliminary programme has been printed and distributed, some 16,000 copies having been sent to members of the Association. It appears in the shape of a pamphlet of some 50 pages, neatly printed on heavy paper with an artistic cover in colors. It is plentifully illustrated with lithographs and woodcuts, representing some of the chief points of interest in Montreal, Toronto and Quebec—more especially the University and Hospital Buildings. Several pages are devoted to a description of how to reach Montreal from Europe, referring to some of the advantages of the St. Lawrence Route as compared with that to New York on the magnificent Liners landing there from Liverpool and Southampton. Quebec and the picturesque St. Lawrence Route are referred to in glowing descriptive language, woven so as to give at the same time a bird's-eye glimpse of the early history and characteristics of this Province.
