

"THE HORSE FAIR."

By ROSA BONHEUR.

THIS wonderful picture is one of the most remarkable art productions of the age. The figures are all life size, the canvas covering one entire end of the gallery where it is exhibited. This one represents a number of horses being driven, and for vigor of action and grace of motion has never been equalled. In the whole work the pose is so life-like, and the drawing is so true, that you can scarcely persuade yourself the scene is not real. Not only has this picture been exhibited in all the principal cities of Europe, but it has also been in the possession of two noted American millionaires. For years A. T. Stewart cherished it as the principal picture in his gallery, and upon the sale of his collection it was bought by Cornelius Vanderbilt for \$30,000 and presented by him to the Metropolitan Museum of Art, where it is daily surrounded by groups of admirers. We are now handling a magnificent reproduction of this picture, printed on heavy plate paper, 34 inches long by 20 wide, which embraces not only all the beauty of a fine steel engraving, but enriches and intensifies the effect by combining a number of other tones and tints so as to give the finest result yet attained by any known process. As a noted critic has said of it, you may gaze at this picture a hundred times a day and each time see some new beauty to please you, and some unexpected point of strength to excite your admiration.

A copy of the above superb engraving will be given, as a premium, to every new subscriber to GRIP for a year at \$2 cash. Further, we will give a copy of the picture, post-paid, to any of our present subscribers who sends us a new name with the cash, \$2. Or, we will send the picture to any present subscriber who, before July 1, pays in full to December 31, 1889, and encloses 25 cents extra for tubing, postage, etc. Non-subscribers may secure a copy of this engraving, post-paid, for the sum of \$1, cash.

"Public School Temperance."

The attention of teachers is respectfully called to this new work, designed for use in the Public Schools. It is placed on the programme of studies under the new regulations and is authorized by the Minister. It will be used in three forms. The object of the book is to impart to our youth information concerning the properties and effects of alcohol, with a view to impressing them with the danger and the needlessness of its use.

The author of the work is the celebrated Dr. Richardson, of England; and, this book, though somewhat less bulky, being printed in smaller type, contains the whole of the matter of the English edition, slightly rearranged, as to some of the chapters to suit the requirements of our Public School work. It is, however, but half the price of the English edition.

The subject is treated in a strictly scientific manner, the celebrated author, than whom there is no better authority on this subject, using the researches of a lifetime in setting forth the facts of which the book discourses. At the same time the style is exceedingly simple; the lessons are short and accompanied by appropriate questions, and the language is adapted to the comprehension of all who may be required to use the book. Price 25 cents, at all bookstores.

THE HIGH SCHOOL

Drawing Course.

Authorized by the Minister of Education.

The course is now complete:—

No. 1—Freehand.

No. 2—Practical Geometry.

No. 3—Linear Perspective.

No. 4—Object Drawing.

No. 5—Industrial Design.

These books are all uniform in size and style, and constitute a complete uniform series. The same plan is followed through them all—the Text, the Problems, and opposite the Problems, in each case, the Exercises based upon them. The illustration is upon the same page with its own matter, and with the exercise, in every case, is a space for the student's work. Each copy, therefore, is a complete Text-book on its subject, and a Drawing Book as well, the paper on which the books are printed being first-class drawing paper. The student using these books, therefore, is not obliged to purchase and take care of a drawing book also. Moreover, Nos. 1, 4 and 5 are the only books on their subjects authorized by the Department. Therefore, if the student buys the full series, he will have a uniform, and not a mixed series covering the whole subjects of the examinations, and edited by Mr. Arthur J. Reading, one of the best authorities in these subjects in this country, and recently Master in the School of Art.

The approaching Examinations will be based on these authorized books.
