

A. M. D. G. PROSPECTUS OF ST. MARY'S COLLEGE, MONTREAL.

This College is conducted by the Jesuit Fathers. Opened on the 20th of September 1848, it was incorporated by an Act of the Provincial Parliament in 1852.

The Course of Studies, in which Religious Instruction holds the first rank, is divided into two Sections: the *Classical* and the *Commercial*.

The *Classical* Course, principally taught in French designed to impart a thorough knowledge of the *Greek, Latin, French and English Languages* and *Literature, pure and mixed Mathematics, History and Geography, Philosophy and Natural Science*, and whatever is necessary as preparation for a professional career.

It comprises eight Classes: *LATIN ELEMENTS, SYNTAX, METRICK, VERIFICATION, BELLES-LETTRES, RHETORIC, 1st and 2nd Year of PHILOSOPHY.*

The *Commercial* Course, principally taught in English, embraces the *English and French Languages, Literature, Mathematics* and the other branches named above, moreover *Book-keeping*, and whatever else may fit a young man for commercial and industrial pursuits.

It comprises four Classes: *GRAMMAR, LITERATURE, RHETORIC and PHILOSOPHY.*

There are, moreover, *Elementary and Preparatory* Classes for younger students.

The system of Education is paternal: the teachers endeavour to unite kindness with firmness, and make use of the means of persuasion in preference to those of severity.

To be admitted into the College, applicants must present a certificate of good character.

Monthly reports of behavior, application and progress, are sent to parents or guardians.

None but relations or those who represent them, are allowed to visit the boarders.

Half-Boarders and Day-Scholars must not absent themselves without the previous leave from the College authorities.

The collegiate year is of ten months, beginning in the first week of September, and ending in the first week of July.

CATHOLIC COMMERCIAL ACADEMY OF MONTREAL.

PLATEAU AVENUE—699 St. CATHERINE STREET. THIS Institution has added lately to its Programme of studies a complete polytechnic Course. This Course was established by the Minister of Public Instruction for the diffusion of the knowledge of the great industries among our Canadian youth.

Young men possessing dispositions and aptitudes for the great manufacturing and mining industries; for Civil Engineering, architecture, surveying mechanics, &c., &c., are particularly invited to follow this course which is placed under the direction of a skilful professor trained in the professional schools of France. The course embraces three years study, and for the benefit of those who have not completed their course in a Classical College a preparatory class has been opened. A Programme of the studies can be obtained either on personal or written application.

The Commercial Course will continue as heretofore, the only change being a separate class, exclusively devoted to commercial transactions. In this class practical transactions in Banking, Custom-House and commerce in general are carried on. When a pupil is ready to undergo his examination, and passes it satisfactorily, he receives his Diploma.

This year the primary department will be transferred to a comfortable brick-house, next to the Academy, which has been purchased by the commissioners for that purpose.

The opening of classes will take place on Monday, August 31st.

For conditions and other particulars address the Principal, at the Academy.

Dividends of nine or ten per cent can be expected by Permanent Shareholders; the demand for money at high rates equivalent by compound interest to 14 or 16 per cent, has been so great that up to this the Society has been unable to supply all applicants and that the Directors, in order to procure more funds, have deemed it profitable to establish the following rates in the

SAVINGS DEPARTMENT:

For sums over \$500 00 lent at short notice.....5 "

For sums over \$25 00 up to \$5,000 00 lent for fixed periods of over three months.....7 "

CERTIFICATE.
I HEREBY certify that Mr. Patrick Coughlan, of Buckingham, P.Q. has cured me of Scourvy which I have had for five years. I tried different medical men, and also patented medicines, and found none that could cure me. I have taken 58 bottles of Sarsaparilla and found no change for the better; nothing took effect but Mr. Coughlan's remedies administered by himself. I tried also Mrs. McGurdon, an Indian woman, but found no relief.

I do recommend those afflicted with Scourvy or Salt-Rheum to try Mr. Coughlan's remedy and they will soon find relief.

Ayer's Hair Vigor,

For restoring to Gray Hair its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. It soon restores faded or gray hair to its original color, with the gloss and freshness of youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. The restoration of vitality it gives to the scalp arrests and prevents the formation of dandruff, which is often so uncleanly and offensive. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre, and a grateful perfume.
