

rolls. Sales of cheese have been made at the factories at 9c. and the current quotation here is 9½ to 10c. per lb. Dealers have been unable to procure sufficient stocks for export. In the hog products department business continues to be of a fairly good jobbing nature at prices unchanged from a week ago. We note an easier feeling in eggs, with values ranging from 11½ to 13c. per doz., the bulk of the sales, however, is said to have been at the former figure. Receipts are expected to fall off, the quantity being uncertain and the consumptive demand showing signs of falling off. Dried and evaporated apples are as dull and featureless as ever.

SEEDS.—Enquiries for clover and timothy seed are practically nil. What odd lots are going out from the warehouses command \$3.40 to 3.60 for 100 lbs. for the former, and \$10.75 to 14.00 for Alsike, and \$8.00 to 8.25 for red clover. There continues to be a moderate movement in Hungarian grass, millet, buckwheat, corn, and other late selling stuff.

WOOL.—On account of the recent heavy rainfall deliveries of new wool by farmers have been very light. Street prices are 18 to 19c. There is no new feature to note in pulled wools. Supers are scarce and prices of foreign continue steady, with nothing of importance to say of English or American markets.
