- special activities; for example, for non-profit, non-sales food, agriculture and fish organizations, marketing boards and agencies, trade fairs, technical trials, and product demonstrations; and
- new eligible costs include: product testing for market certification, legal fees for marketing agreements abroad, transportation costs for offshore company trainees, product demonstration costs and other costs necessary to execute the marketing plan.

Support is also provided for certain types of government-planned activities, such as outgoing trade missions of Canadian business representatives around incoming missions to Canada of foreign business and government officials who can influence export sales.

For general information, call the InfoCentre at 1-800-267-8376. For applications for assistance, call the International Trade Office nearest you.

INTERNATIONAL FINANCING

DFAIT helps Canadian exporters interested in pursuing multilateral business opportunities financed by international financing institutions (IFIs). Canadian exporters and trade associations can access market data, obtain a better understanding of the competition, and determine if an IFI-funded market opportunity is practical and worth pursuing. DFAIT can provide information and advice on the availability of Canadian government-funded assistance programs and can assist companies in developing effective export marketing. For further information contact:

TECHNOLOGY INFLOW PROGRAM

Managed by DFAIT and delivered domestically by the National Research Council (NRC), this program is designed to help Canadian companies locate, acquire and adopt foreign technologies by promoting international collaboration. DI also helps in program promotion. The program officers respond to requests to identify technology sources and opportunities for cooperation between Canadian and foreign firms. The program will also help Canadian firms make exploratory visits abroad to identify and gain first-hand knowledge of relevant foreign technologies as well as to negotiate to acquire them. For information, call: (613) 993-3996.

Investment Development Program

This program helps Canadian companies find the investment they need. It actively promotes investments that take the form of new plant and equipment, joint ventures or strategic partnerships. It is especially interested in attracting investment that introduces new technology into Canada, a key to creating new jobs and economic opportunities. Investment officers make contact with foreign investors and bring them together with Canadian companies. For information, call: (613) 995-8400.

DEPARTMENT OF INDUSTRY (DI)

Department of Industry (DI) was created with a broad mandate to improve the competitiveness of Canadian industry. In the area of small business, it has been given specific responsibility to:

- develop, implement and promote national policies to foster the international competitiveness of industry; the enhancement of industrial, scientific and technological development, and the improvement in the productivity and efficiency of industry;
- promote the mobility of goods, services, and factors of production within Canada;
- develop and implement national policies to foster entrepreneurship and the start-up, growth and expansion of small businesses;
- develop and implement national policies and programs respecting industrial benefits from procurement of goods and services by the government of Canada; and
- promote and provide support services for the marketing of Canadian goods, services and technology.
