

It is with great pleasure that I now inform your Society of the erection of a handsome and commodious Parsonage for this Mission. The work was begun early in July, and pushed on with great vigor by the contractor ever since, so that the building is now completed and ready for occupation. It is a balloon-framed cottage, cased outside with brick, of Gothic style, and after the model of, though rather smaller than the Kingsey Parsonage. About \$350 of the debt incurred will be paid this year, and by the end of next, we hope with outside help, to nearly clear off the balance.

We have, as usual, collected for the various objects of your Society, and also, as will be seen by the financial statement, for some outside of it. I think that the total of such offerings is not much below what it was last year, though a falling off might naturally, perhaps, be expected, on account of the great local call upon our resources in building a Parsonage. The names of those holding Missionary Cards and the amounts collected by them were as follows :—

Miss Burrill	\$ 11 25
“ Lyster	5 35
“ Doyle.....	6 50
“ J. McDougall... ..	8 75
“ Ginn.....	8 35
“ S. Armstrong.....	4 85
Mrs. A. Mountain, (for the conversion of the Jews).....	9 12

Besides these, two little girls with praiseworthy zeal collected the following sums for the “Wawanosh Home” in Algoma :—

Mary Helen McDougall.....	\$ 4 25
Mary A. Wharton.....	2 26

Let me here remark, in regard to the money raised this year on behalf of the Jews, that I was urged to the work by the Rev. E. A. W. King, and think it a most important one. There can be no doubt that we owe to this people under God a great debt, and have not made sufficient effort in the past to discharge it. I cannot but think that a special blessing is connected with such work, and that a sincere desire to be engaged in it will ensure to ourselves and our
