All the Losing
But Made Up for
on Addition.

ERICAL ERROR

Affirms National
Construction Co. Feared
Losing on Job.

Nov. 30.—V. W. Horwood, provincial architect, setting of the contract for the new building, told in the morning that the National Construction Co. had been awarded the contract. Mr. Horwood stated that he had not been present when the tender was opened and he was handed the tenders. He went to the office and after a conference with Mr. Kelly of the National Construction Co., he recommended that the contract be awarded to that company. Mr. Horwood stated that he had not been present when the tender was opened and he was handed the tenders. He went to the office and after a conference with Mr. Kelly of the National Construction Co., he recommended that the contract be awarded to that company.

REVENUE HAD MEMBER INCREASE

Collected Nine Millions
Five Millions Year
Ago.

Nov. 30.—A very substantial increase in the revenue of the city of Toronto for the month of November, ended today, was reported by the Hon. J. D. Orr, general manager of the city of Toronto. The revenue for the month of November was \$1,150,000, compared with \$1,100,000 for the corresponding month of 1914. The increase was due to a number of factors, including the collection of the property tax and the increase in the number of licenses.

NEWS FROM THE CITY HALL

FINALLY DECIDE ON CATFISH POND

Will Not Tolerate a Dump
There, But Fill in
Properly.

SOLDIERS NEED ROOM

Board of Control Favors Build-
ing Huts and Other
Work.

A proposition to establish a dump at Catfish Pond in order to fill it in with ashes and refuse, met opposition at yesterday's meeting of the board of control when Controller Thompson refused to entertain the idea in any way. It was calculated that the process would require three years to complete and that in the meantime the smells would be far worse than at present.

It was decided to appoint a committee consisting of Controller O'Neill, Parks Commissioner Chambers and a representative of the harbor board to form some scheme for taking earth from the bottom of the bay and depositing it at the pond.

Col. Clyde Caldwell appeared before the board in regard to more accommodation for the soldiers in Toronto and the board also refused to entertain the proposition. A new heating apparatus is necessary at the Riverdale barracks, old general hospital, as two of the present boilers are not worth repairing. The board recommended purchasing two second-hand boilers at a cost of \$500, which Commissioner Caldwell said he could secure, and decided to spend \$150 on the stables. Accommodation for two more battalions at the exhibition grounds was asked for and Mayor Church moved that 15 new huts be built, the same to be used as stables during the fair and as a drill hall for the city militia.

HAVE LITTLE TO SAY ON MEREDITH'S REPLY

Those Concerned in Statement
Made at Council Meeting Utter
But Few Comments.

Those concerned in Ald. Meredith's statement at the council meeting Monday regarding Judge Denton's findings had very little to say yesterday and the judge himself would make no remarks whatever. Col. Langton was almost as quiet and said he had not a word to say in reply. George Wilkie, K.C., said he was not disappointed, but he did not suggest M. H. Ludwig had anything to do with his appointment.

GOVERNMENT AID WILL BE REQUEST

Exhibition Authorities Want Mil-
itia Department to Erect
Buildings Required.

The extra buildings required at the Exhibition grounds for the housing of soldiers was the subject of a conference between Dr. J. O. Orr, general manager of the Canadian National Exhibition, and Mayor Church yesterday afternoon. It is proposed to erect six stables costing \$2500 each, and an implement building to cost \$2000. The Exhibition authorities are desirous of having the buildings conform to the style of architecture of those already on the grounds, and as the cost is excessive and as the city has already paid out considerable sums for military purposes, a deputation of the city militia, consisting of Mr. Ludwig, Mr. Orr, and Mr. Church, met on Tuesday, requesting that the government lend its aid in defraying the expense. If the government will provide the money, the city will take over the buildings when vacated.

YORK RADIAL RAILWAY ASSESSMENT REDUCED

Court of Revision Makes Cut of
Thousand Dollars Per Mile.

A reduction from \$8000 to \$7000 per mile was made by the court of revision yesterday in the assessment of the sub-structure and superstructure of the Kingston road section of the York Radial Railway, and this in face of the fact that the city has agreed to purchase the property at \$12,000 per mile. The assessment last year was \$4000 per mile, the being 2,351 miles within the city limits. The portion of the Mimico line within the city limits was reduced from \$8000 to \$7000 per mile, the distance covered by 1,690 miles. One thousand dollars reduction was made on the \$10,000 per mile assessment on the 4,014 miles of the Metropolitan within the city. Last year this piece of road was assessed at \$4000 per mile.

RUSH ON OVERCOATS.

Score's special sale of overcoats fits the need of the hour. We can safely say there is no time like the present to get value. The future is a hardy thing, but just now ten dollars off values we show must needs speak for itself, 17 King Street West.

WAWA'S ENGINEER.

W. G. Warden has been appointed town engineer of Oshawa. He is a post-graduate of the University of Toronto and has been with the department of works, Toronto, for over six years.

REPORT ON RADIALS MAY BE DELAYED

Mayor Announces. It Might
Not Be Ready Until De-
cember Eighth.

CONSULT ENGINEERS

Board of Control Will Meet
Them at Special Session
Today.

Mayor Church stated yesterday afternoon that as the rapid transit report was far more elaborate than was at first expected, it would not be ready on December 1, as announced, but would in all probability be ready about the eighth of this month. Engineers Gaby and Cousins of the Hydro-Electric Commission, and the harbor board, and Works Commissioner Harris had a conference on Friday, when according to Mayor Church the report was carefully gone over and revised, subsequently being sent to the printer. It is interesting to note that the day set for the appearance of the report is the last day according to the Municipal Act upon which a bylaw can be decided upon for presentation to the people at the forthcoming election.

A special meeting of the board of control is announced for today, when the three engineers who have been preparing the report will be present, and it is believed that the board will decide on what action the city will take in the matter, and something will likely be done immediately with a view of setting the necessary money bylaw before the people.

CHAIRMAN HODGSON EXPLAINS OVERDRAFT

City Treasurer Wants Bylaw Pass-
ed Authorizing Payment for
Technical School Equipment.

The overdraft of \$284,295 that the board of education has incurred in connection with the equipping of the technical school was explained by Chairman Hodgson yesterday. In 1914 the city agreed to pay for the equipment of the school, but when the year passed last year the grant for equipment was not included as, according to Mr. Hodgson, the city believed that the matter of equipment would be brought on again. On July 26 council authorized the appropriation but the debentures were not issued, and the city treasurer has refused to pay over the money until a bylaw authorizing him to do so has been passed. In the meantime the school had been equipped, and as the accounts had to be paid, there was only one way to get the money and that was to ask the bank to advance it, which was done.

MAYOR MIGHT LEAVE MASSEY HALL BOARD

Threatens to Resign Unless Pro-
German Concerts Are Barred
by Trustees.

Mayor Church threatens to resign his position as one of the trustees of Massey Hall unless concerts of a pro-German nature are discontinued. He also says that he will take the matter of pro-German entertainments up with the police commissioners and will ask that concert hall permits be cancelled where anything of the kind is allowed.

Yesterday his worship received a wire from New York stating that Geraldine Farrar had no interest in the "Carmen" film and would receive no royalties from the pictures.

CITY HALL NOTES

Building permits taken out in To-
ronto yesterday amounted to \$19,000.

Andrew McCarthy, an employee of the street cleaning department, will be allowed to enlist and the difference between his military pay and salary will be made up.

Rev. Dr. W. F. Wilson headed a deputation from the Ministerial Association yesterday and asked for copies of the Social Survey Commission report. Mayor Church stated that 300 copies would be given for the members only.

There were 28 more deaths, interment taking place in Toronto cemeteries, during November than the month previous, according to returns from the various cemeteries. The total number was 449 as compared to 421. Seventy-nine were over 70 years of age and 58 under five years.

Ten more polling places than were used last year have been provided for the coming municipal elections, making a total of 416, most of which will be in school buildings. There are about 2,000 more voters on the list.

Chairman Hodgson of the board of education has asked the secretary to have Chief Inspector Cowley place before the board the reports of public school inspectors that were not included in the last annual report, and if the board decided to do so the information will be made public immediately. Mr. Hodgson could not explain the chief inspector's action in not publishing the reports of the inspectors, and declared that he was in favor of publishing everything that would benefit the public.

City council's action on Monday in deciding to submit to the people on January 1 the question as to whether or not members of the board of education should be elected annually, instead of every two years, did not cause much agitation amongst the members of the board, and while there is some difference of opinion they are all satisfied that the matter should be settled by the people.

In view of the action of the city council on Monday which gives the city treasurer the exclusive right to prepare the estimates of revenue from civic undertakings, thus taking from the controllers the power to alter same, which power they have long enjoyed, the difference in the figures for the past five years will be of interest.

Controllers' Actual	Revenue.
1910	\$2,162,909
1911	\$2,387,144
1912	\$2,752,062
1913	\$4,217,788
1914	\$3,939,574

CLAIM BIG DAMAGES BEFORE ARBITRATOR

Before official arbitrator P. H. Drayton, K.C., the Sunnyside bridge matter proceeded yesterday morning and property owners on Queen street west of Roncesvalles avenue were heard. They claim \$200,000 damages from the city and the Grand Trunk Railway, because of traffic being diverted thru the construction of the viaduct at Sunnyside. The case will go on this morning.

MAY SUBMIT THE BYLAW.

To Authorize \$3,000,000 for Hydro
Radials Asked by Sir Adam Beck.

The opinion at the city hall appears to be that the council will submit a bylaw authorizing \$3,000,000 for hydro-electric radials. A commission composed of Mayor Church, E. L. Cousins, Chief Engineer Gaby, Works Commissioner Harris, City Solicitor Johnston and City Treasurer Patterson, is proposed to carry out the construction of the radial system.

COPYRIGHT CASE LOST BY AUTHOR

Mission Book Company Held
Not to Have Infringed
Rights of W. O. McIndoo.

TWO BOOKS ON BIRDS

Titles Almost Similar and One
Comes Out Three Months
After Other.

Mr. Justice Macdonald, at Osewode Hall, yesterday dismissed the action brought by W. O. McIndoo against the Mission Book Co., Limited, alleging that the defendants were selling a book under the title of one published by him. The plaintiff is the publisher of the "New Canadian Bird Book," for which he holds the copyright, while the company have issued a book on the same subject entitled the "Canadian Bird Book." The latter's publication was placed on the market in the spring of 1915, or about three months later than the plaintiff's. In giving judgment his lordship held that the plaintiff's book could not have acquired a reputation before the company's book was placed on the market, and it was also very questionable whether there was adequate evidence that the defendants had passed off their book as McIndoo's.

The appeal of the McCleary Manufacturing Co. against the decision of Judge Dromgoole of Essex County, has been upheld by the second appellate court. The company is allowed to rank on the funds in the sheriff's hands as execution creditor of George N. Harrison, of Sandwich. The county court held that the assignment of Harrison on Feb. 17, cut out subsequent executions placed in the sheriff's hands. The second appellate court list for today is: Re Robert Hamilton estate; Bank of Hamilton v. McCall; re estate of G. S. Beck (two cases); re Hamilton v. Pollock; Knight v. Confederation Lumber (two cases); Campagne v. Carver; Inturburn v. Leach.

BANQUET FOR PTE. UPTON.

A banquet is being tendered this evening to Private Upton, who has returned wounded from the battle-front in France, by the members of the Garrett Bible Class of St. Stephen's Church. Private Upton was wounded in the leg by a bullet in the fight at Ypres. He enlisted with the Queen's when the outbreak of the war, and was transferred to the 3rd Battalion.

will be left on deposit till required for the credit of the minister of finance with the several banks from which they are withdrawn by the depositors. The instalment payments are spread over six months, and the total amount raised by the loan will be spent in Canada in raising, equipping and sending forward Canadian troops. It is not generally known that eight per cent, at least of all the Canadian war expenditure to date has been spent in Canada. The successful flotation of the war loan will enable the minister of finance to assist to a still greater extent in the temporary financing of the shell committee for the imperial treasury.

Government Appreciative.
"I desire," he added, "to express the deep appreciation of the government of the magnificent response by the people of Canada to the war loan issue. The result, splendid in itself, will go out to the whole world as an unmistakable evidence of Canada's financial strength and of her steadfast determination to prosecute this war, waged in a righteous cause, to a triumphant conclusion. To all those who by their patriotic and co-operative action have contributed to the success of the loan, to the public who have subscribed, or by their patriotic good will have encouraged subscriptions to the financial community who have assisted so powerfully to the brokers who have worked so faithfully, the press whose active aid and zealous support have been invaluable beyond expression, our warmest thanks are cordially and gratefully extended. The Canadian people never fail to rise to the full height of any great occasion."

NOT ANTICIPATING EARLY ELECTION

E. M. Macdonald, M.P., Says
Liberals Not Bothering
Heads About It

WILL FIGHT GARLAND

Will Also Offer Opposition if
De Witt Foster Should
Run.

Mr. E. M. Macdonald, M.P. for Picton, N.S., and a Liberal leader of national proportions, was in the city yesterday on route for Chicago, where he speaks tonight at a St. Andrew's Day Banquet. Seen by The World at the King Edward Hotel, Mr. Macdonald reported that business was prosperous and times good in the maritime provinces. "How about the election?" he was asked. "We will hardly have one before Christmas," he answered smilingly. "I do not think our people are bothering their heads much these days about politics. When we get together at Ottawa I have no doubt that some arrangement will be made for extending the parliamentary term. Of course, some Tories want an election as also do many of the Grits, but the feeling throughout the country is against the strain and excitement of a war-time election."

"With charges of disloyalty flying about," "I do not anticipate anything of that kind," returned Mr. Macdonald. "Too many Liberals, like myself, have members of their families at the front to fear such a silly campaign being inaugurated. At the same time I think it might be as well to extend the lifetime of parliament, say for another year."

Contest By-Elections.
"How about the by-elections?" "I understand that in King's County, N.S., Mr. De Witt Foster will be the Conservative candidate. If he is I think no doubt a Liberal candidate will be put up against him. If U. F. Garland runs again in Carleton as the government candidate he will no doubt have opposition. In Manitoba we feel that Sir James McLaughlin and W. H. Sharpe should not be returned by acclamation. In all four constituencies, however, we are quite willing to have the government fill the vacancies with men of their own political household. So far as Manitoba elections are concerned, I regard that as rather a local question, but think a more serious question of principle is involved in the case of Messrs. Foster and Garland who were named, only asked to resign by the prime minister."

When told of a rumor that the government might appeal to the country if the opposition made any demur to the by-elections being by acclamation, Mr. Macdonald waxed facetious. "That would be a great issue."

The second appellate court list for today is: Re Robert Hamilton estate; Bank of Hamilton v. McCall; re estate of G. S. Beck (two cases); re Hamilton v. Pollock; Knight v. Confederation Lumber (two cases); Campagne v. Carver; Inturburn v. Leach.

FALSE PARIS RUMOR HOLDING GREECE BACK

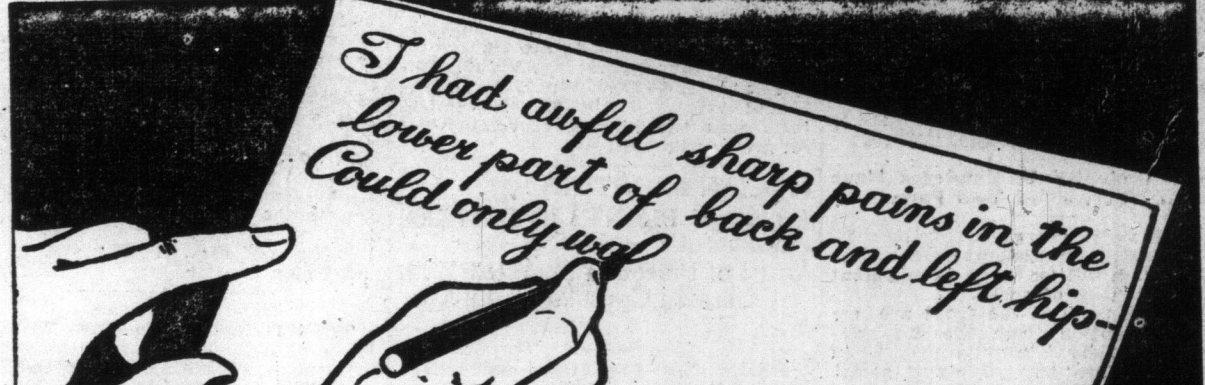

Report That Allies Would Aban-
don Saloniki Has Unfor-
tunate Effect.

PARIS, Nov. 30.—A despatch to the Havas Agency from Athens, dated yesterday, says: "In well informed circles the feeling is that the situation cannot remain as it is, and it is understood that an effort will be made by representatives of the entente powers to obtain clearer and more precise indications of the intentions of the Greek Government than were contained in the latest answer of the latter."

A false report from Paris circulated here that the allies intended to abandon Saloniki is thought to have had the effect of delaying the satisfaction sought by France and Great Britain.

ELORA OPPOSES CHURCH UNION.

ELORA, Nov. 30.—The result of the church union vote in Knox Church, Elora, is as follows: Elders for 3, against 4; members for 44, against 155, adherents for 11, against 11, majority against 115.

I had awful sharp pains in the
lower part of back and left hip.
Could only walk with a cane.

Rheumatism and Lumbago

Mr. Wm. Parker, 105 Cayuga street, Brantford, Ont., tells in the following letter of his remarkable experience with Dr. Chase's Kidney-Liver Pills:—"My doctor treated me for some time for Sciatica, Rheumatism, Lumbago, but to no purpose, for I had to lay off work. The visiting officer of Sick Benefit called to see me and advised the use of Dr. Chase's Kidney-Liver Pills, stating that he had been cured of the same trouble by their use. I asked the druggist about them and he recommended them highly. Not being satisfied with this, I went back to my doctor, and when he said they were good I began their use. The promptness with which they enlivened the action of the kidneys and bowels was wonderful, and it was not long before I was rid of all my trouble. I had awful, sharp pains in the lower part of my back and left hip, and was so bad that I could only walk by hanging on to a chair or the wall. My wife had to lace my shoes. Only those who have had this ailment can realize the way I suffered. I am writing this letter to let people who have my trouble know of these pills. You are at liberty to use this letter, and if anyone interested will call or write to me I will give every detail."

When you have pains and aches put Dr. Chase's Kidney-Liver Pills to the test. By enlivening the action of liver, kidneys and bowels they cleanse the system of all poisons, and thereby remove the cause of rheumatism, lumbago and other painful diseases.

One pill a dose, 25 cents a box, all dealers, or Edmanston, Bates & Co., Ltd., Toronto.

Dr. A. W. Chase's Kidney-Liver Pills

Dr. Chase's Recipe Book, 1,000 selected recipes, sent free, if you mention this paper.
