FOREST HILL HEIGHTS

The Crest of land in the Forest Hill District. A new sub-division just opened, reasonably restricted, and most attractive land for homebuilding.

Do not confuse Forest Hill Heights with properties further north. Forest Hill Heights is South of Eglinton Ave., a short distance west and slightly north of Upper Canada College.

It is about 330 feet above the lake level and affords a magnificent outlook. Transportation--Avenue Road Cars.

Lots on Forest Hill Road, about 200 yards east and north, are held at from \$50.00 to \$70.00 per foot; land south, between Forest Hill Heights and St. Clair Ave., is being sold at from \$90.00 to \$110.00 per foot, both with stringent building restrictions.

We are able to offer lots in this district for immediate sale to individual investors or builders at \$18.00 per foot and up, the same and even lower prices than the surrounding properties are being offered at by the acre. \$100.00 cash is all that is necessary to secure one of these 40-foot lots, balance on easy terms.

We sincerely believe this is the most advantageous offer to Real Estate investors and home builders ever made in Toronto, and strongly recommend it.

Intending purchasers will be given full information and gladly taken over the property.
