A. J. Chamberlain, a Winnipeg traveler, declared that Miss Cook had asked the conductor to let her off at Teraulay. He said the conductor preceded the woman to the platform of the closed car. Then the bell rang, just when the woman was on the step and before, in his judgment, she could have gotten safely off the car. Chamberlain described the woman as wearing a white blouse and a dark dress, and carrying a bunch of white flowers. An auto carried the woman to the hospital.

Chamberlain's identification was well corroborated by Edith and Martin Hains, sister and brother-in-law of the dead, woman, but the conductor, W. J. Fitz-simmons, and the motorman, G. W., Murray, declared the woman had no flowers. They also contradicted other parts of Chamberlain's story, both swearing that the woman jumped deliberately from the platform of the car when it was moving six or seven miles an hour. It was decided to adjourn until Mrs. Hains, with whom Miss Cook lived at Lambton, could produce a photograph. Medical evidence was given by Drs. Johnson, Cotton and Silverthorn.

Catarrh has at least one fortunate feature—it can be cured by "Catarrhozone." In every case this remedy
gives instant relief. Never was it
known to fail in curing thoroughly.
Mr. Archibald Bass of New Harbor
writes: "Catarrhozone proved a remarkable remedy in my case of the formula in the comparation of the c markable remedy in my case. I suffered terribly from catarrh in the throat red terribly from catarrh in the throat and nose, and was so stuffed up every morning I could barely draw my breath. The mucus dropped back in to my stomach, upset my digestion and kept me sick all the time. Catarrhozone relieved in a short time and cured perfectly." Surely your case isn't worse than this. Catarrhozone for four wickets when play stopped for the day.

The morning paper is becoming more and more the paper of the masses. The live, up-to-date man or woman of the present day is no longer content to wait ten or twelve hours to learn of the daily happenings. The big events in sports and business rarely materialize until the afternoon or evening—then the late afternoon and evening is the play time, and people are away from their usual environment. The unexpected invariably happens and the complete story appears in The Toronto Morning World. Have it delivered before breakfast. Any address in the city or suburb for twenty-five cents per month. Lineman Electrocuted.

Harry J. Larson, a lineman employed by the Bell Telephone Co., was electrocuted on Leeming-st. this afternoon while climbing a telephone pole to repair a wire which had been blown down by the storm. Larson was a single man, 29 years old, and boarded at 140 North Sanford-ave. Coroner Criffin will open an inquest on the re-Griffin will open an inquest on the remains at the city hospital to-morrow

A violent windsorm, said to be the worst in years, visited this city early this afternoon and did considerable damage to preperty. A heavy rain also fell. The wind played havoc with signs and awnings and also smashed several plate glass store windows. Nu-erous trees in all parts of the city were shorn of their limbs and some were blown down, one falling across the blown down, one falling across the street car tracks on Wentworth-street and breaking the trolley wire there. The tree was quickly removed and the wire repaired. Part of the roof of the Thistle Club was torn away and several houses suffered similar damage. The west gable of the Boys' Home on Stinson-street was blown in, but no one was injured. A section of the Jockey Club fence was demolished, and several houses in Crown Point were lifted from their foundations. A severe electrical disturbance accompanied the storm, and this, with the winds, put a large number of electric wires out of business. The street railway suspended operations for some little time as a result of the storm, and to-night the street lights were interto-night the street lights were inter-fered with from the same cause.
