Sentiment Expressed by Prominent Educationist in Toronto.

DELEGATION ON MISSION

Party Securing Information on Patriotic Enterprise Entertained at National Club.

The Union Jack and the Stars and Stripes are now inseparable, as Dr. C. G. Heckert, of Wittenberg College, Springfield, Ohio, at an informal dinner at the National Club, which was attended by a delegation from that city, a party of prominent men spent the evening in Toronto conferring with the city's leaders in war work and patriotic enterprise, and visiting local camps and military hospitals.

The city of Springfield is planning a campaign for the week of May 20 to raise \$100,000 for a war chest to look after Red Cross, maintenance of soldiers' dependents, and other patriotic appeals. This is a large objective for a community of about 90,000.

Prominent Men Speak.
Major Church was a few words, as did Col. Bickford, O. C. M. D. Among other speakers who outlined different phases of patriotic effort were Col. Noel Marshall, president of the Canadian Red Cross, Dr. A. H. Abbott, secretary of the organization of resources committee, J. Allen Ross, J. Gibbons, Dr. Doo-ling, and A. L. Whitfield. The delegation arrived Saturday morning and paid a visit to the Dav-ville Orthopaedic Hospital, where they were greatly interested in the work being done for returned soldiers and the excellent equipment. Later they went to the city hall, where the mayor and Controller Maguire welcomed them on behalf of the city. A visit was paid to Hart House. Here the gymnasium, with its special apparatus, made a great impression. The latter part of the afternoon was spent at Government House, where tea was served. On Sunday morning the military service at St. Paul's Church was attended, and during the afternoon they were the guests of Sir John A. Macdonald, leaving for home at 5:12 p.m.

MONTHLY MEETING CANADIAN ENSIGN

The monthly meeting of the Canadian Ensign Chapter, I.O.D.E., was held in the Central Y.M.C.A. on Friday, April 19, Mrs. W. R. Jackson presiding. Mrs. Hugh Martin, convener of the Red Cross supplies, reported 327 articles sent during the month and \$100 was voted for this committee to continue work. The receipts from a bridge and auction given by R. A. Walker and Mrs. J. P. Patterson amounted to \$100, to be used for blinded soldiers. During the month the chapter raised \$280 for patriotic work. Twenty-five dollars was given to the prisoners of war fund. Plans were made for a sale and tea to be held in the Kiwanis Club on Saturday, May 4, and a dance to be held early in May. Mrs. G. A. Hamilton addressed the meeting on the social service and the women's patrol and Mrs. G. W. Harris gave a dramatic reading.

The freshness of the selected leaf is the secret of the delicious flavor and its wonderful economy in use.

BROUGHT FROM HAMILTON.

Mrs. Charlotte Powell and Rita Williams, both of Hamilton, who were wanted on the charge of theft, were brought back from Hamilton Saturday night by Detective Twigg. The charge was laid by Vera Baker, who charged them with stealing a watch, a quantity of clothing and \$20 in money from her.

If Food Disagrees Take Bi-nesia

Nearly everybody suffers at times after eating. Many can eat without suffering the most excruciating agony. Some people call this indigestion, some dyspepsia, others gastritis; but no matter what you call it, no matter how many remedies or how many doctors you may have tried—nothing will give you relief until you have taken Bi-nesia. Bi-nesia is a simple neutral, such as Atropine. This instantly relieves the pain and stops food fermentation, the cause of all stomach trouble, and thus enables the stomach to proceed with digestion in a painless, normal manner. Care should be taken in getting the genuine Bi-nesia, which, owing to its homeopathic properties, is now being sold everywhere under a binding guarantee of satisfaction, or money back.

PREVENTION OF EVIL
THE CHURCH'S NEED

Rev. A. E. Ribourg preached at St. Alban's Cathedral Sunday evening on "Salt Which Has Lost its Savor." Dr. Ribourg said in part: "The church is in a perilous position. It is the world's preservative. They are so to conserve and influence society that it shall be safe and sanitary. The market man does not wait until the meat is spoiled before he applies the saline solution and so Christians cannot fold their arms and watch evil perpetrate its nefarious work until, at last, the church is acknowledged that she is only beginning to explore the field of social work is a confession of unfaithfulness to duty. The Church of Christ was supposed to have entered that field nineteen hundred years ago. If the first centuries of Christianity were fruitful in reforms of all sorts, it is because the church was making its influence felt in every sphere of man's activities. 'The theory of applying the remedy after the disease has spread, will no longer suffice. The preventive is better than the cure,' must be applied to the social evils and wrongs, and that can be done only by a Christianized society, which understands the needs of mankind, but the only thing needed is the socialization of its tenets and the honest application of the standards which have been given in Christianity ever since the day it was given to the world by Jesus Christ."

CHINAMEN ARE RAIDED.

As the result of a raid made on 207½ York street yesterday afternoon by Detectives Marshall and Sullivan, seven Chinese men were arrested for gambling on the Lord's day. The game played was fan tan, and all the paraphernalia in connection with the game was confiscated by the police.
