Questions and Answers Mr. Williams asked the honorable the chief commissioner of lands and works the following questions: I. Is there any road leading to the public wharf at Ladysmith? 2. If not, since when; and for what reason, has the road been closed? The Hon. Mr. Green replied as folfor: "In the opinion of this house the in-terests of education in the provinca-would be better served by reverting to the school laws existing before the pass-age of the 'public schools act, 1905." On a division the amendment was de-feated by 21 to 14 and the bill carried on a similar division.

lows: "I. Not at present. A road was built from the top of the bench, con-mecting there with one built by the Do-minion government to the whart, to the level crossing over the track of the E. & N. Railway Company, on the line of Buller street extended.

Buller street extended. "2. Obstructed about October 20, 1905. by the Wellington Colliery Com-pany on the grounds that a level cross-ing was a danger to the public and that the government had no right to build a highway through its property." Mr. J. R. Brown moved the report on "an act to amend the Grand Consolidat-ed Mining, Smelting & Power Co." Agreed.

Agreed. The Hon. Mr. Wilson moved upon consideration of the report on a bill entitled "an act relating to the transfer of land, and to provide for the registra-tion of titles to land" the following smendments:

of land, and to provide for the registra-tion of titles to land" the following amendments: Section 74, lines 34: Strike out the words "thirtieth day of June," and in-sert in lieu thereof "first day of July." Strike out section 88 and insert in lieu thereof the following: ON protection and the comparison of the governor-in-council. The bill passed the report stage.

Bettine out section of and insert in Bieu thereof the following: SS. No regostra shall be compelled to attend out of his office as a witness for examination under any subpoena, order or summons issued from any court of this province, whether such subpoena, order or summons be direct-ed to him personally or in his official capacity, but any registrar may be ex-amined under a commission or other-wise at his office." Agreed. Mr. J. F. Garden moved: Sec. 68.—To strike out all the words

Saved From Terrible Kidney Disease By "Fruit-a-tives."

MASSON, P.Q., Nov, 16th., 1904

"I have much pleasure in reporting to you the great benefit I have received from taking "Fruit-a-tives"--and I feel that I cannot say too much in favor of a medicine which has done me so much good. I was a martyr to that distressing complaint, chronic constipation accompanied with severe headaches, backache, sick stomach and sil the symptoms of with severe headaches, backache, sick stomach and all the symptoms of dyspepsis. I had also a dfeadful complexion, sallow in the extreme and black under the eyes. I had every symptom of kidney irritation and I had been told by physicians that my kidneys were affected. I consulted a number of physicians and took various remedies but received very little benefit. Last May I was advised to try "Fruite-tives" and when I began to take them I had little faith of getting anything to give me permanent relief, but after I had taken half a box of "Fruit-a-tives"

I began to feel better and before I had finished one box the constipation was relieved, the headaches left me, the pain in my back was better and I could sleep as was relieved, the headaches left me, the pain in my back was better and I could sleep as soundly as when I waschild. Also, my complexion began to clear up again, all the sallow-ness disappeared and the black circles under my eyes went away. The pain in the back gradually left me and all signs of kidney disease disappeared by the first of August after I had taken three boxes. Since then I have continued to improve and now I have none of my old symptoms and my appetite is good, digestion splendid and my complexion as clear as when I was a young girl. Also the constipation from which I had suffered so long has been entirely cured and it is not necessary for me to take the "Fruit-a-tives" now as I am quite well in every way. I took no medicine but "Fruit-a-tives" but I followed faithfully the directions as to dist etc., given in the pamphlet which accompanies each box of "Fruit-a-tives."

Every part of the body is constantly decaying and being renewed. The dead cells, or tissue waste, should be removed by the skin. kidneys and bowels. When these organs do not act regularly, this poisonous matter stays in the system-is taken up by the bloodcarried to heart, liver, stomach, brain and nerves all over the body -and poisons everything it touches.

"Fruit-a-tives" keep each organ clean and healthy. "Fruit-atives" act on the skin, stimulating the millions of minute glands and opening the pores so the waste can escape. They act on the liver sending more bile into the bowels and making the bowels move regularly and naturally every day. They act on the kidneys, strengthening and invigorating these organs and curing all kidney

THE LIVER TO BLANE. So long as the liver is active in filter-ing the bile from the blood there is no billousness and no constipation, because the bile is passed from the liver into the intestines, where it acts as a cathartic in keeping the bowels active. Because of their direct action on the liver as well as the bowels. Dr. Chase's Kidney Liver Pills thoroughly cure constipation, the real cause of inne-tenths of the common like of life. Frenchmen Remain Tranquil Notwithstanding the renewed strain in the Franco-German relations grow-ing out of the Moroccan question, public sentiment here remains, entirely calm. The journals, including those of govern-ment interest, bitterjy attack Germany's agree that France has reached the limit of her concessions.
