A Peculiar Case.

H. Carscallen, K.C., has a case in hand which promises to be a sensational one. Robert H. Zimmerman, his client, is in jail charged by his brother with insanity. At the Police Court this morning Mr. Carscallen asked that the case be enlarged for a week. There are some peculiar features in this case, he said, and he wanted to be prepared to meet the assue. Continuing, he said that, according to the will of the prisoner's father, the late Dr. Zimmerman, a dentist, the prisoner is to receive an equal share of the estate, providing he leads "a Christian life." The lawyer stated that his client had received only \$250 on account of his share, and in timated that his client had not been properly treated and said that it looked as it an effort was being made to get his client of the way."

S. F. Washington, representing the complainant, offered no objection to the enlargement. It is said that Zimmerman was in an insane asylum in Brandon up to a few months ago. He says that recently the members have been in the habit of loitering in the ante-rooms while votes were being taken. In future all the members will be called in, according to Parliamentary procedure. He says he has the power to

Ald. Ellis filed a letter this afternoon addressed to the City Council, asking that Mayor Morris apologize for certain insulting language which he used in respect to handling the city's affairs, and that they had failed to make a financial success of

their own business.

To-night the City Council was to have held a meeting, but a quorum did not turn up, and the Mayor held a public meetturn up, and the Mayor heid a public meeting, as a large number of ratepayers were in the hall: After he had spoken, several of the aldermen followed and severely criticized the Mayor for his tactics. Aid. Lewis, who insuited the Mayor at a recent meeting, spoke justifying his action, and a noisy time followed.

The teachers employed in the Ottawa The teachers employed in the Ottawa The teachers employed in the Ottawa Public schools will receive their salaries to-morrow. Mr. George S. May, chairman of the Finance Committee of the School Board, has received an assurance from Mayor Morris that he will sign cheques for the necessary funds to-morrow. In view of this assurance the School Board will not enter any suit against the city. However, if the cheque is not signed to-morrow the board will take necessary steps to compel payment.

McDougall were present to explain items f expenditure, and they made out such good case that the Controllers recondered the reduction of \$3000 they had previously made in the salary account, and lecided to reinsert that sum.

Mayor Encourages Officials. All deserving officials who conscientiously perform their duties are assured of .-e hearty support of the Mayor. His Worship appreciates good work, as was shown when he took the occasion to express his when he took the occasion to express his entire satisfaction at the way his secretary, Mr. George Wilson, was discharging his duties. When the salaries of the officials of the Mayor's office were under consideration, he explained that, while fully understanding that economy should be the watchword, he could not help but think that Mr. Wilson should be given an increase in salary. He did a lot of extra work, and was a most valuable, confidential officer. The Mayor's opinion of Mr. was a most valuable, confidential officer. The Mayor's opinion of Mr. Wilson is also shared by those who come in contact with him, particularly the reporters. There is no more obliging official in the Hall.

The Board, however, did not recommend an increase

The estimates for the Western Cattle Market were next taken up. The sum of \$90 was taken off the \$180 asked for fuel, and the \$1500 estimate for cleaning and repairs was reduced to \$1000. The yards in the Cattle Market Annex will not be planked and roofed this year, as the planked and roofed this year, as th \$1800 was struck out. Only \$75 was allowed for gas and plumbing repairs, instead of the \$150 inserted for that purpose. The Eastern Crematory was thought to need repairs to the extent of \$300, but the board cut this down to \$200.

Too Many Officials.

For conducting and protecting the City Hall, the City Commissioners asked for \$5756.40 for salaries. The board thought Julia Sandberg, alias the "Duchess of Kent." was committed for trial on two charges of fraud preferred by George Daw, elevator man in the City Hall, and Police Chief Smith. The prisoner, it appeared, sold the complainants brass coins, representing that they were "spate guineas," coined in 1790. The woman tried to sell one of the coins to Magistrate Jelfs, and for that reason His Worship did not conduct the examination, but called Ald. Kerr, J.P., to the bench.
