HEALTH OF SOHOOL GIRLS.

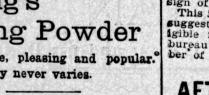

"Parents little imagine how great and prevalent is the injury done to girls between the ages of 10 and 16 by overapplication to study," said a prominent New York physician when addressing the school board recently. For reasons connected with the

physiological structure of women it is of the utmost importance that at this period, when the peculiarly feminine period, when the peculiar feminine organs are begining to assume their functions, the nervous system should not be exhausted by over-exertion and anxiety caused by school work and examinations. Hosts of pale, weak, poorly-developed girls have been restored to health and strength by the use of

DR. CHASE'S NERVE FOOD

the great restorative, in pill form. In all the year there is no season so well suited to building up the system. In the whole range of remedies there is no treatment to be compared to Dr. Chase's Nerve Food. Let the nervous system be thoroughly restored before the school term starts. 50 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto,

JOSEPH ALEXANDER.

Joseph Alexander, who died a few days ago at Winnipeg, was born near this city. He went to Winnipeg in 1881, and was for ten years a member of the police force there. Subsequently he was appointed engineer at the Winnipeg postoffice, which position he held until his death. Mr. Alexander was 39 years old. Death was due to complications arising out of internal injuries received in a tug-of-war contest five years ago. A widow and two daughters survive. At the time of his death he was the treasurer of the Odd. fellows' Funeral Aid Society, and was for some years treasurer of the Indefor some years treasurer of the Inde-pendent Order of Foresters, No. 1 Lodge, besides belonging to the Olive degree in the lodge of Rebekahs, and was patriarch militant of the Odd-fellows' Harmony Encampment, No. 1 Lodge, of which society he had been a member for many years. Basis on Which the Big Four Railroad Settled With Its Engineers.

An Indianapolis dispatch says: The conference between the engineers employed on the several divisions of the Big Four Railroad and General Manager Schaff has resulted in an increase of wages practically to the scale in force prior to 1893, when the wages of

all the employes were reduced. Under the new scale passenger engineers will get \$3 25 per 100 miles instead of \$3 15, and freight engineers \$3 80 instead of \$3 75. When the company made this concession in the matter of wages, the enginee , withdrew their objections to the clause which prohibited any engineer from making more than 4,300 miles

a month. As the firemen are paid on a basis in proportion to the wages received by the engineers, the new schedule will result in an increase of their wages also. It is understood that the conductors and other trainmen will now ask for a restoration of wages to the scale in force before 1893. Havana is becoming alarmed at the

sent Louis A. Meyer, its financial sec-retary to last night's meeting. The plan which Mr. Meyer presented came through a letter from a company known as the Capital Company of Northwestern Texas. The letter claims that the company has at the present time 160,000 head of cattle which it will ship to New York at once. It says it can supply New York with 290,000 more in a year. The price of cattle to the butcher is to be from \$28 to \$38 on foot. This price, Mr. Meyer claimed, was 4 cents less than the price now paid by retailers, and would enable them to sell beef as low as before the recent advance. The letter further stated that Armour. Record-Breaking Poster Printed Battle Creek. Mich.

Battle Creek, Mich., Aug. 29 .- The Battle Creek carnival and street fair enjoys the distinction of having had printed the largest poster ever printed in the world. It was one mile long. The printing was done by the Cox Duplex Printing Press Company, of this city, who were testing one of their new presses, and ran off the poster on a continuous roll. The press upon which it was printed is one that has just been completed for the printing of the War Cry, the official organ of the Salvation Army. This immense poster was posted between the street car tracks on the brick pavement in the night, after it had all been swept off, and was successfully done without breaking. Great crowds have since viewed it.

A HAMILTON CHURCH CLOSED.

Hamilton, Aug. 29.-St. Peter's Church was closed Sunday, the acting rector, Rev. Wm. Bevan, having grown tired of his duties there, and resigned. A notice was posted on the door to the effect that there would not be any service held in the church for the present. It is understood this action has been taken in view of the congre-gation's adherence to Rev. Thomas Geoghegan, the suspended rector, who was the recipient of presents at the St. Peter's annual picnic last week, and who was considering a request that he should join St. Peter's choir.
