Little Hay Offered and No Straw or Oais-The Weekly Review.

LOCAL MARKET.

London, Wednesday, Jan. 22.

To the condition of the roads may be attributed the small supply of hay, there being only a couple of loads on the stand; sales were made at \$14 and \$14 50

No straw or oats were offered

WEEKLY REVIEW. While the quantity of farm produce offered at the market last week was not above the average for this time of the year, sales were on the slow side in nearly every department. The reason assigned for the dullness of trade is the scarcity of money.

Grain-The demand for oats is fair, at

\$1 42 to \$1 45 per cwt, or 48 3-10c to 49 3-10c | 150 head; slow; prime steers. \$5 50 to \$6 per bu. Wheat is in good demand at 90c and 91c per bu. Barley is scarce and prices firm, at \$1 25 to \$1 35 per cwt. Hay and Straw-Hay is coming in quite weeks has been large, sales are a trifle slow, at present; prices are steady at dairies, \$4 40 to \$4 55. \$14-to \$15 per ton; quite a large quantity of baled hay is held by the packers, for which they say there are not many inquiries, and unless trade brightens up some of them stand to lose money, as most of them purchased their hay last fall, when prices were \$2 to \$3 per ton higher than at present. The supply of straw is sufficient for all requirements; prices are steady, at \$8 per ton, and occasionally \$8,50 is paid for a choice load. Butter and Eggs-Butter is firm, at 26c for choice crocks and 27c for pound rolls; store lots sell at 24c to 25c; the English markets are very strong at present, and as there will be a much smaller number of cows milked during the next two or three months, there does not seem to be any possibility of prices going any lower. Fresh-laid eggs are more plentiful and

Potatoes-The market is slow, at 80c per bag by the load and 85c for 5 to 10-Apples-Trade is exceedingly slow, at 40c to 80c per bag, and \$1 25 to \$2 25 per

per dozen wholesale.

Poultry-The dealers express their willingness to purchase all the old hens that they can obtain; prices for this class of fowl have advanced to 8c per lb alive and the same for dressed, as they prefer them alive: ducks sell at 10c per lb alive and 11c dressed; geese, 10c per 1b alive; turkeys, 10c to 11c per lb alive and 13c to 14c dressed; chickens, 9c per lb alive and

Dressed Hogs-The drop in prices of live hogs has had its effect upon dressed hogs; sales are on the slow side, which is partly due to the mild weather and the lower prices which prevail; sales are made at \$7 to \$7 50 per cwt, nearly all

selling at \$7 25. Live Hogs-The price paid here last Monday was \$5 25 per cwt, and \$5 40 was paid for a few that were shipped from here on Wednesday of the present week; the price paid here was higher than at some of the shipping points, and it is said it was due to the competition of the local buyers; the price for next Monday's shipwill be a little lower; small pigs

sold at \$2 50 and \$3 per pair. Butchers' Meats-Trade is slow, at the following prices: Lamb, 91/2c to 10c per lb beef. \$5 50 to \$7 per cwt by the carcase veal, \$7 to \$9 per ewt; mutton, \$6 to \$8 pork, 9%c to 10c per 1b for hindquarters. and 81/2c to 9c for forequarters.

Hides-The market is quiet and prices are unchanged at 41/c for No. 1, 31/c for No. 2, and 21/2c for No. 3 cow hides; calfskins, 8c per 1b.

Thaw suggested that a copy of one of his letters be sent to District Attorney Jerome, and also suggested that if Mr. Comstock needed more funds to carry on the inquiry he might ask Miss Helen Gould for assistance in that line. Giving the name of a young actress, Thaw described at length what he said was an effort to save this girl from "the blackguard." Thaw said he enlisted a prominent man in the cause who was at first loath to believe that such practices as complained of existed. but afterwards was convinced.
