Business Men—Attention!
This is not a call to enlist—it is
an appeal for attention to the fact
that to be always physically fit
is advisable to dine daily at the
Hotel. If you believe in preparedness,
enjoy the dining and buffet facilities
of the Hotel. Full course
dinner table d'hotel service at fifty
cents.

STATIONARY ENGINEERS' DEPT.
Editor World: I note in your issue of
19th inst. an article speaking of the
reorganization of the stationary
engineers' department, and I must say
that I am an engineer, both marine
and stationary, that this in itself is
a step in the right direction, as our
present organization is a farce, more or
less, and it is to be hoped that the
department to be formed will be
adequate to the needs of the
profession. As to sending the new head
of the department to foreign countries
for information, that is totally
unnecessary, as we have from the
marine inspection laws covering marine
engineers, and the boiler inspectors,
and the fact that many of our
engineers are lived up to an
international standard, and that the
board of stationary engineers'
department is a department for the
purpose of information before going
to foreign countries.

ALLEGED BOOTLEGGERS AR-
RESTED.
Edward Tinsely, colored, who gave
address as 326 Albany
Charles Cunningham, 26
Avenue, were arrested by Plain-
clothesmen Marshall and Dawn in
a room street poolroom
on a charge of
selling
or to soldiers.

ANGLO-FRENCH UNITY
TO BE INDISSOLUBLE
President Poincare and Viscount
Bryce Exchange Warm Felicitations at Paris.
CONFERENCES OPENED
Visit of British Parliamentarians
Should Prove Rich in Results.

PARIS, Feb. 21.—The British delegation to the Anglo-French parliamentary committee, consisting of twenty-five members representing both houses of parliament, headed by Viscount Bryce, have arrived in Paris to confer with an equal number of French senators and deputies under the chairmanship of former Premier Clemenceau. A series of meetings, to extend over three days, begins tomorrow. The program provides for full and intimate discussion of the conduct of the war in relation to military, naval, foreign, financial and colonial affairs, so that the delegation from each parliament may have a comprehensive view of the other side of the alliance. From Paris the British delegation will go to Bordeaux for public meetings and perhaps to other provincial cities. The visiting Englishmen were received today by President Poincare, Premier Briand and Antonin Dubost, president of the senate. The program provides for full and intimate discussion of the conduct of the war in relation to military, naval, foreign, financial and colonial affairs, so that the delegation from each parliament may have a comprehensive view of the other side of the alliance. From Paris the British delegation will go to Bordeaux for public meetings and perhaps to other provincial cities. The visiting Englishmen were received today by President Poincare, Premier Briand and Antonin Dubost, president of the senate.

United by Sublime Ideals.
Viscount Bryce, replying said: "To the feeling of admiration for France is to be added that of gratitude and friendship—gratitude for the heroic efforts of a chivalric and indomitable nation against a common enemy, and friendship, based not only on material interests, on the will to repulse the enemy, but also upon a higher, on devotion to the sublime ideals uniting us. These are liberty, the defense of public and individual law, the duty to suppress the methods of warfare of the German Government, cruel methods which shock the instincts of humanity. The pact signed by the allies is only the protocol expression of a solemn promise rooted in the hearts of our people, a promise to continue this war until victory, which will crown the sword of justice in assuring the future peace of Europe."

QUEBEC CHURCH BURNED
GERMANS TO BLAME?
Fire Followed Mysterious Warn-
ings—Firemen Attacked While
Fighting Blaze.

QUEBEC, Feb. 21.—Sensational talk is going about the fire that today completely destroyed the Beauport Church. The city editor of Le Soleil admits this afternoon that some days ago he received an anonymous letter from Beauport, saying that Rev. Father Dezel, pastor of that parish, had been threatened by anonymous letters, presumably coming from sympathizers of Germans interned at the Beauport armory. The failure of the water supply and the fact that the church was attacked by strangers while stretching a line of hoses are regarded as suspicious.

ANOTHER SASKATCHEWAN SCANDAL.
REGINA, Feb. 21.—Nothing more has been learned of the whereabouts of Joseph P. Brown, chief clerk of the roads branch of the highways department, who is charged with the result of failure to deliver to him five carloads of flour. The case will be continued today.

He States He Got
Relief at Once
What Dodd's Kidney Pills Did
for Mr. Wilson's Rheumatism

GORDONVILLE, Ont., Feb. 21.—(Special).—That he got immediate relief from rheumatism when he used Dodd's Kidney Pills is the experience of Mr. Thos. Wilson, a well-known resident of this place. Mr. Wilson had tried other medicines, but without getting beneficial results. "I certainly must say that Dodd's Kidney Pills did me a great deal of good," Mr. Wilson stated when asked concerning his case. "I was suffering from rheumatism and could get no relief till I started using Dodd's Kidney Pills. They brought me relief immediately. The natural way to treat rheumatism is to treat the kidneys, and the natural way to treat the kidneys is to use Dodd's Kidney Pills. Rheumatism is caused by uric acid in the blood. If the kidneys are doing their duty they will strain all the uric acid out of the blood, and there can be no rheumatism. But the kidneys in shape to do their duty by using Dodd's Kidney Pills.

Quality Reigns

supreme in the two essential features which make for the success of a life insurance company, i.e., the careful selection of risks and the judicious investment of the reserves for the protection of the policyholders. During 1915 the mortality experienced by The Manufacturers Life Insurance Company was but 60% of the expected, being a continuation of the favorable death rate experienced during the twenty-nine years existence of the Company.

The average rate of interest earned on the Company's investments during 1915 was 6.63%, which is possibly the maximum that can be expected, consistent with safety, in the investment of trust funds. The great care taken in the investment of the funds of the company is exemplified in the following table of classification:

Table with 2 columns: Investment Category and Percentage. Includes: First Mortgages (42.02%), Government, Municipal and School Debentures (23.01%), Loans to Policyholders (16.24%), Stocks (5.36%), Cash (4.21%), Railway Bonds (1.18%), Industrial Bonds (1.80%), Interest, premium calls, real estate and all other Assets (6.18%), Total (100.00%).

NEWS FROM THE CITY HALL

What the City Council Did.
Approved the twelve promotions in the fire department made by Chief Smith, without a word of criticism. Gave a grant of \$1000 to the Prisoners' Aid Association to assist in meeting the liabilities of that body. Appointed Controller Foster, Works Commissioner Harris and an engineer from the roadway department to represent the city at the convention of the American Roadbuilders' Association at Pittsburg on Feb. 28.

NO DEBENTURE ISSUE
FOR PARK PURPOSES
Motion to Strike Out Report
Against Recommendation of
Parks Committee Lost.

The proceeding went along so smoothly that in little more than an hour's time the report of the board of control and that of the parks committee had been dealt with. The one point in the board's report that it was thought would give rise to some discussion, namely, the proposed action of the board of control in its recommendation that a bylaw be passed providing for the issuing of debentures to the extent of one million on the dollar of the assessment for the purchase of park lands.

CITY COUNCIL YESTERDAY
Debated Before an Empty Gal-
lery for First Time in
Toronto's History.

For the first time in the history of the city the aldermen were compelled yesterday to debate before an empty gallery. The fact that the parks committee had taken at the city hall, and despite the fact that the proposals declared that yesterday's meeting of the city council would be a very short one, it turned out to be somewhat lengthy.

SUES FOR DAMAGES.
In the session court, before Justice Sutherland, Bartano & Sons is suing George McCollough & Co. of Souris, Man., for \$300 damages, as the result of failure to deliver to him five carloads of flour. The case will be continued today.

Thin Men and Women
Who Want to Gain Weight
Should Try At Once This
10 Days' Flesh Building Test

Report Gains at Rate of Three to Five Pounds a Week in Many Instances.
Most thin, run-down men and women would probably be glad to increase their weight with ten to twenty-five pounds of good, firm, solid, healthy, stay-the-flesh and fat if they believed it possible to accomplish such result by merely making the flesh-making materials in their daily meals do a little more work than they are doing now. This is said to be the chief reason why these thin people do stay under weight. They are not constituted that they fail to fully assimilate the nourishment of their food. Their food, which they eat as they do, is not properly digested, and much of it is lost in the waste. Increase assimilation to a normal weight follows, as a matter of course. If you are ten pounds or more under weight, and believe this can be done in your case, here is a simple, inexpensive and easy harmless test that is well worth trying. First weigh yourself. Then, with each meal for ten days and each night as you go to bed, take a single Sargol tablet. Then weigh yourself again and let the scales tell the story. Sargol may not increase your weight as much as one pound a day, but with what you can decide what its constant use for a few weeks further may be able to do for you.

BALKAN STATES REQUIRE POWERFUL REGULATOR

Anti-Venizelist Organ Also Says They Cannot Be Watched Over From Sea.
GIVES HINT TO KAISER
Comment Made on Interview of King Peter of Serbia in Athens.

ATHENS, Feb. 19, 8 p.m. (via Paris, Feb. 21, 6:40 p.m.)—The Greek press has most cordially received the declarations made by King Peter of Serbia in his recent interview with the Associated Press at Aedeos. The anti-Venizelist, Nea Hemia, however, in an evidently inspired editorial says: "The monarch addressed the Bulgarians without bitterness and says there is a place for all in the Balkans; and that what is required is good will. Unhappily good will alone is insufficient, as politics thus resolved by necessity, and it has already been demonstrated beyond doubt by the history of the last few years, that the Balkan States require a regulator and arbitrator much stronger than they." "Therefore it is for us of the Balkans, since we cannot live in peace, and especially for Serbia, to be watchful and to see that no necessary security steps may be necessary to secure this, not forgetting the inextinguishable geographical law that the Balkans, surrounded by powerful terrestrial neighbors, cannot practically be watched over from sea nor guided by power situated at the other end of Europe."

GRAND DUKE NICHOLAS CONGRATULATED BY "K"

LONDON, Feb. 21.—Field Marshal Kitchener, secretary for war, has telegraphed to Grand Duke Nicholas, commander of the Russian forces on the Caucasian front, congratulations on "the brilliant feat of arms at Erzerum." The Grand Duke replied, thanking the field marshal and his "brother comrades of the British army."

CITY HALL NOTES

Young men who are eligible for enlistment will not be given employment at the city hall. Hon. William Hughes, premier of Australia, passed thru the city yesterday evening east. On his return he will be the guest of the city for several days. The building of 56 new public school classrooms is not approved by the property committee of the board of education. The number is to be cut to 19, ten at Orde Street School and nine at North Avenue. This change will reduce the estimate for new buildings by about \$200,000. The estimates of the public library, received by the board of control, ask for \$146,800, nearly the amount they would have been if the city had a quarter mill on the dollar of the city's assessment. Among the proposed expenditures are \$30,000 for books and patents and \$89,000 for salaries.

WILL SUE THE CITY FOR HUSBAND'S INSURANCE

Payment on Policy of Late Pte. Lancaster Refused Because He Lived Outside Limits.
The city is likely to have a test case on its hands in regard to the payment of insurance on soldiers. The case is that of Pte. Henry Lancaster, who served with the Princess Pats, and who was invalided home and died shortly after his return. He was an employe of the city and at one time lived in the city, but at the time of his enlistment resided at 204 Vaughan road; and on this account civic officials say they cannot legally pay the \$5000 policy which was issued by the city. Mrs. Lancaster has placed the matter in the hands of her solicitors, who say they intend to sue the city for the amount of the policy. Controller O'Neill occupied the chair, acting as president of the council.

Better Milk for Every Hour FROM THE Spotless Dairy Bathed in Sunshine

The Milk They Will Enjoy

Wonderfully refreshing, better and richer in cream—this fresh, pure milk from the Farmers' Dairy is just the drink for tired, thirsty children in from school and eager to be out at play. Pasteurized, cooled and bottled entirely by the most modern machinery, you have in milk from the Farmers' Dairy the safest and purest milk in Toronto. You pay no more for this better, richer milk—it's just the same in price as the ordinary milk you are getting. Order a Trial Bottle Now by Phone

The City of Toronto Authorities insist on all milk sold in Toronto containing 3.25 per cent. of butter fat. Our laboratories show that the Farmers' Dairy Milk contains one-tenth more cream—that is better fat—than this standard. Do you realize what this extra food value means?

GOODMAN ON STAND IN THE M'UTCHEON TRIAL

Gordon Was Introduced to Him in 1911 as Calgary Millionaire.
A. K. Goodman of the firm of Goodman & Galbraith, barristers, who acted in a legal capacity for the McCutcheon Brothers, was the chief witness yesterday at the trial of the brothers, which was resumed before Mr. Justice Middleton and a jury in the criminal assizes, after a week's interval.

IS ANXIOUS TO KNOW OF HUSBAND'S WHEREABOUTS

Thomas Hodgson Left His Wife When She Took Ill Last Month.
Just out of the hospital, but still unable to leave her bed, Mrs. Alice Hodgson has asked the Toronto police department to communicate with the police of Peterboro to ascertain the whereabouts of her husband, Thomas Hodgson, harness maker, who left her when she became ill on January 5. Mrs. Hodgson was married 16 years ago, and has three children. She gives the description of her husband, as follows: 46 years of age, 5 feet 2 inches in height, weight 125 pounds, brown eyes, dark hair, clean-shaven, finger on left hand deformed, slightly lame in one leg. Mrs. Hodgson cannot account for her husband's disappearance.

NO PREFERENCE GIVEN TO M.P.'S WHO ENLIST

Sir Sam Hughes Replies to Question as to "Double Salaries."
By a Staff Reporter. OTTAWA, Ont., Feb. 21.—Replying to the question in the house as to whether members of parliament holding commissions in the army were receiving double pay, Sir Sam Hughes said that a member of parliament enlisting for active service received the same pay and allowances as any other citizen. Some members had declined to accept any pay and others had made over their pay to patriotic organizations.

DUMA TO MEET TODAY.

PETROGRAD, Feb. 21, via London.—The duma has been convened to meet tomorrow. The duma was prorogued on September 16 last, and on December 7 Emperor Nicholas issued a rescript postponing indefinitely its reopening, as well as that of the council of the empire, this action being taken, it was announced, on the ground that the budget committees of these bodies had not completed the preparation of the budget.

Warning! Various persons, some of them claiming the authorization of the Bell Telephone Company are projecting advertising schemes involving the attaching of covers to our directories. We have never authorized anyone to attach permanent covers to our directories! On the contrary, the frequent changes in the telephone numbers, firm names, and addresses of our subscribers make it necessary for us to issue three editions of the Toronto telephone directory a year and to see that out-of-date editions are collected and destroyed. Hence, in the interests of the service we have never approved of permanent covers and anyone alleging our endorsement of such a scheme makes an unwarranted claim. The Bell Telephone Co. of Canada.
