commission will not get possession of

**PLANS FOR BRANCH
INDUSTRIAL SCHOOL**

Building for Eastern District
is Urgently Required,
Principal Says.

Plans for the new branch technical
industrial high school for the eastern
district were placed before the advis-

tion yesterday afternoon. Prin. A. C.
McKay stated that it was urgently
required.

The site, north of Danforth on the
west side of Greenwood avenue, had
been lying idle since it was acquired
by the board of education several
years ago. Altho out of the esti-
mates by the board of control this
year, Mr. Cowley believed it would be
passed next year, as the demand had
become too insistent to be longer de-
layed.

The plans call for a \$200,000 build-
ing, half of the cost to be granted by
the Ontario government.

The committee made the following
appointments:

Miss Lillian M. Black, B.A., assist-
ant teacher of physical culture and
general subjects, with an initial an-
nual salary of \$1,800. George Addison
Hanes, assistant teacher (industrial)

Trustee McClelland proposes the

Mrs. A. C. Courtice's motion, for the
establishment of an opportunity school,
at which children and adults may sup-
plement their education along any line
will also be up for consideration.
