YOUNG GIRL'S ONE-PIECE AFTERNOON FROCK.

The greatest charm of the young girl's afternoon costume is its simplicity of design. Some of the one-piece costumes that are being made up for midsummer wear are in silky English mohair, in champagne, pastel blue or old rose. Their walking skirts are side pleated or gored a bout the hips and hung upon a self-fabric belt to which is joined a pleated or blous e waist having sleeves of seven-eighths or elbow length or with Japanese shoulder caps. These frocks are slightly trimmed with soutache in self or contrasting color, with Oriental bands or with velvet rib-bon. Their chemisettes or guimpes are of white dotted Swiss, allover muslin em-broidery or point d'esprit.

I took all kinds of medicines, was treated by physicians, and yet the headaches per-sisted. I was rarely free from headache. A short time ago I was advised to try "Fruits-tives" and I did so with, I must confess, very little faith, but after I had taken them for three days my headaches were easier and in a week they left me. After I had taken a box of the tablets my headaches were quite cured. My appetite was always poor and my stomach had, and now my appetite is splendid and my digestion is excellent. I had become thin and weak from the constant headaches, but my strength is growing up once more, and I feel like a new man. I have taken in all three boxes of "Fruit-a-tives." I am exceed-ingly grateful to "Fruit-a-tives" for eur-ing me, and I give this unsolicited testi-monial with great pleasure, as I hope thereby some other sufferer of headaches wil be induced to try "Fruit-a-tives" and in this section
